

Welcome to the New Jersey Economic Development Authority **Bidding Opportunities - Vendor Registration** page! We are pleased that you are interested in obtaining information, regarding bidding opportunities, with the Authority.

By submitting a **Vendor Registration** application (located on the 2nd tab of the file), you are provided with an opportunity to identify yourself as a potential Bidder for the types of goods and services that your firm provides. This information is then used to create a potential *Bidders' List* for various commodities. The New Jersey Economic Development Authority attempts (but does not guarantee) to provide firms on the **Bidders' Mailing List**, with an e-mail notice of bidding opportunities, related to the goods and services identified in the application. **You are encouraged, however, to regularly check our website, for new bidding opportunities.**

Please complete the **Vendor Registration** application and identify those commodities / services that you are interested in supplying, by selecting the appropriate NIGP commodity codes. For your convenience, an abbreviated commodity listing is included on the 3rd tab of the file, entitled "*NIGP Commodity Codes*".

Once completed, please return the form, via e-mail to Holly Morgan, Procurement Specialist, at hmorgan@njeda.com.

Once again, thank you for your interest in doing business with the New Jersey Economic Development Authority.
