***As an additional condition of approval, if the business reduces the total number of its full-time employees in the State by more than 20% from the tax period prior to approval, then the business forfeits its credit for that tax period and going forward until such time as its full-time employment in the State has increased to the 80% level.**

**** WebiMax was approved in Dec. 2013 for tax credits up to $12.75 million over ten years related to the company's expected creation of 100 new jobs and the retention of 50 "at risk" jobs. The Board approved a modified project in Dec. 2014 to reflect the 50 retained jobs and 21 new jobs actually created (for a total of 71 full-time employees in Camden), resulting in a reduction to $6,035,000 over ten years.**

***** There is no legislative requirement under these programs related to job creation or retention, therefore this informtion is not tracked as part of the annual certification process. Please note that the GRAND TOTAL jobs reported only reflects total for programs where job creation and retention is legislatively required.**

****** The 2015 new jobs for Cooper Health System were higher than anticipated, resulting in an award increase in a Garden State Growth Zone.**
******* The 2015 new jobs for Principis Capital were lower than anticipated, resulting in a decreased award.**
^ The jobs for these two projects are combined with Newark Farmer's Market - Newark Farmer's Market is the landlord, Wakefern is the tenant, and they are co-located.

For Legacy ERG, grants are made annually based on the incremental eligible taxes actually generated as a result of the project. For Legacy Hub (residential projects), credits are initially certified based on actual costs and applicants must demonstrate that projects are conforming to residential use through annual certification.
