1.0 INFORMATION FOR BIDDERS

This Request for Proposals (RFP) is issued by the New Jersey Economic Development Authority (“Authority”, “EDA”) on behalf of the NJ Commission on Science, Innovation, and Technology (“CSIT”) to solicit Proposals for the continued implementation and maintenance of the ResearchwithNewJersey (RwNJ) Asset Management Data System. **None of the aforementioned services will be required at the site of property owned or controlled by the NJEDA, CSIT or the State of New Jersey.**

1.1 PURPOSE AND INTENT

The purpose of this RFP is to solicit Proposals for the continued implementation and maintenance of the ResearchWithNJ (RwNJ) Asset Management Data System. RwNJ was implemented for the purpose of connecting the business community with critical NJ public and private university and research institution STEM related assets to help promote innovative research and greater industry / academic collaboration, to aid NJ universities in managing their research enterprise, and to facilitate collaboration between NJ universities and foster economic development in NJ’s innovation economy.

The intent of this RFP is to award one (1) two (2) year contract, with three (3), one (1) year extension options, if deemed necessary by the CSIT and dependent upon funding, to the responsible Proposer whose Proposal, conforming to this RFP is most advantageous to the CSIT, price and other factors considered. CSIT however, reserves the right to separately procure individual requirements that are the subject of the contract during the contract term, when deemed to be in CSIT’s best interest.

The CSIT reserves the right to award in total or in part and reject any and all Proposals when it is determined to be in the best interest of the CSIT, price and other factors considered.

The CSIT’s Contract for Professional Services, please refer to Exhibit A, are in addition to the Terms and Conditions set forth in this RFP and should be read in conjunction with them unless the RFP specifically indicates otherwise.

1.2 BACKGROUND

The New Jersey Economic Development Authority serves as the State’s principal agency for driving economic growth. The Authority is committed to making New Jersey a national model for inclusive and sustainable economic development by focusing on key strategies to help build strong and dynamic communities, create good jobs for New Jersey residents and provide pathways to a stronger and fairer economy. Through partnerships with a diverse range of stakeholders, the Authority creates and implements initiatives to enhance the economic vitality and quality of life in the State and strengthen New Jersey’s long-term economic competitiveness.

Since its inception in 1974, the Authority has provided billions of dollars in assistance to numerous projects within the State. These projects have created almost a half million jobs. In 2020, the Authority provided over \$628 million dollars in assistance to 42,708 projects and created more than 600 new full-time jobs.

The NJ Commission on Science, Innovation and Technology (CSIT) is responsible for strengthening the innovation economy within the State, encouraging collaboration and connectivity between industry and academia and the translation of innovations into successful high growth businesses. Pursuant to P.L. 2018 c. 91, the former New Jersey Commission on Science and Technology has been re-established as the New Jersey Commission on Science, Innovation and Technology,

recognizing the role and the importance of innovation developed at the State's institutions of higher education and businesses to the economy of this State.

CSIT has been established to exercise oversight for the responsibility of implementing, evaluating, and formulating long-range plans and programs for science, innovation, and technology in New Jersey.

At the time of launching Rwnj in 2017, CSIT had not been re-established. However, given the mission of CSIT and its focus on university and technology commercialization, the continued implementation of Rwnj is being transitioned to CSIT. The goals of Rwnj aligns with the mission of CSIT; to expand connections between early-stage industries, entrepreneurs, and universities. CSIT currently works with all five participating universities and aims to (1) utilize its institutional and private STEM-based partners to support expansion of new schools and partnerships (2) integrate Rwnj with existing CSIT products (3) market Rwnj on the CSIT website to include developing an enhanced web presence for Rwnj that showcases NJ's innovations and case studies of engagement between corporations, academia and entrepreneurs to increase the number of site visitors and school usage.

CSIT is seeking to continue the implementation of the Rwnj database to serve as a catalyst for economic development in NJ's innovation economy by enhancing access to information and partnership opportunities across a broad array of constituencies, including university faculty, researchers and other experts; small, mid-sized and large businesses; and members of the public.

This Solicitation is a Re-Procurement of the 2017-RFQ/P-077 (REBID), Creation and Maintenance of a New Jersey Asset Management Data System, presently due to expire on August 2, 2022. Vendors are cautioned that this new Solicitation addresses the Authority's current requirements.

1.2.1 BACKGROUND ON RESEARCHWITHNJ ("RWNJ")

Rwnj is a free, online database that provides public visibility to the experts, publications, equipment, academic profiles, etc. at five of New Jersey's major research universities. Rwnj helps entrepreneurs and researchers discover thousands of experts in science, technology, engineering, and mathematics (STEM) as well as their professional backgrounds, publications, and achievements. It also provides the accessibility to learn about various research departments and specializations of the five currently participating universities: Montclair State University, New Jersey Institute of Technology, Princeton University, Rowan University, and Rutgers University. Rwnj provides a consolidated view at the NJ state level along with independently branded individual university portals.

In June 2017, the NJEDA and Office of the Secretary of Higher Education (OSHE) joined in partnership to develop Rwnj under an appropriation of \$1.5 million from the State budget to OSHE. After a competitive RFP process, The Netherlands-based Elsevier BV was selected as the contractor to build the Rwnj database and portal using elements of the company's software platform Pure®. To date, the platform has sourced a total of 267,804 outputs from all participating universities, incorporated 4,517 individual profiles, 158 core facilities, and 6,242 grants/projects.

1.2.2 RESEARCHWITHNJ SYSTEM OVERVIEW AND GOALS

The successful Proposer will supply a customizable, off-the-shelf /readily available software product to be implemented as a cloud solution hosted by the Proposer (Software as a Service – SaaS), allowing the created database to consolidate research information into one consolidated state platform while maintaining unique university / research institution platforms for each participating university / research institution. The system should have the ability to integrate the existing university / research institution and public databases with the goals of increasing innovation exchange, establishing greater collaboration between academia and industry to catalyze economic development, which will help to market New Jersey as a center of innovation.

The database must enable users to search through topics of research, expertise, and other assets at the participating research universities, as well as economic development partners; and visualize network connections.

Once created, the database will need to include automated data consumption and updates, editing, data scrubbing/verification and search capabilities further described in the Scope of Services. CSIT estimates the database will include a minimum of approximately 5,000 subscribers/faculty profiles.

1.3 KEY EVENTS

1.3.1 ELECTRONIC QUESTION AND ANSWER PERIOD

The Authority will electronically accept written questions and inquiries from all potential Proposers via the web at EDAProcurementQA@njeda.com by the date and time shown on Page 1 of this RFP. Phone calls and/or faxes shall not be accepted.

The subject line of the e-mail should state:

QUESTIONS-2022-RFP-IPM-077 – ResearchwithNJ Asset Management Data System

- A. Questions should be directly tied to the RFP and asked in consecutive order, from beginning to end, following the organization of the RFP and should begin by referencing the RFP page number and section number to which it relates;
- B. A Proposer must not contact the Authority and/or CSIT's requesting department or any other staff/board member directly, in person, by telephone or by e-mail concerning this RFP **prior to the final award**. Any contact made outside of emailing inquiries via EDAProcurementQA@njeda.com will result in disqualification of the Proposer's Proposal;
- C. All Questions received and Answers given in response to this RFP will be answered in the form of an Addendum. Addenda, if any, will be posted on the Authority's website, <https://www.njeda.com/bidding/> as a separate file attachment, or incorporated into a revised, posted RFP, after the posted cut-off date for electronic questions and inquiries indicated on the RFP cover sheet; and
- D. Any Amendment to this RFP will become part of this Solicitation and part of any Contract awarded as a result of this RFP.

1.3.1.1 EXCEPTIONS TO THE CSIT'S CONTRACT FOR PROFESSIONAL SERVICES

Questions regarding the CSIT's Contract for Professional Services, please refer to Exhibit A, and exceptions or modifications to its mandatory requirements **must be requested by the Proposer during this Electronic Question and Answer Period** and should contain the Proposer's suggested changes and the reason(s) for the suggested changes. The CSIT shall be under no obligation to grant or accept any requested changes (i.e., exceptions taken) to the specimen form of the Contract and will post all answers in the Addendum. Exceptions and/or modifications to the terms of the RFP and/or Contract submitted with the Proposal, subsequent to the expiration of the Question and Answer Period, will result in the rejection of the Proposer's Proposal.

1.3.2 PRE-PROPOSAL CONFERENCE

Not Applicable.

1.3.3 SITE VISIT

Not Applicable.

1.3.4 PROJECTED MILESTONE DATES

The following dates are provided to Interested Proposers for planning purposes only. These are estimated timeline dates and do not represent a firm date commitment by which the CSIT will take action:

Pre-Proposal Conference:	Not Applicable.
Q&A Period Ends:	July 18, 2022 @ 2:00 p.m. ET
If required, Addendum:	On or about July 25, 2022
Proposals Due:	August 23, 2022 on or before 2:00 p.m. ET
Estimated Recommendation for Award:	November 4, 2022 via CSIT Board Scheduled meeting
Estimated Contract Execution:	On or about November 22, 2022

1.3.5 TIMELY SUBMISSION OF PROPOSALS

In order to be considered for award, the Proposal must be received by the Authority at the appropriate location by the required time. Proposals not received prior to the Proposal opening deadline, as indicated on the RFP cover sheet, shall be rejected. If the Proposal opening deadline has been revised, the new RFP opening deadline will be shown on a posted RFP Amendment.

1.3.6 SUBMISSION OF PROPOSAL – ELECTRONIC OR HARD COPY

In order to be evaluated and considered for award, the Proposal must be received by the Authority at the appropriate location and by the required time indicated on the cover sheet, either electronically or hard copy.

1.3.6.1 ELECTRONIC PROPOSAL SUBMISSION (STRONGLY PREFERRED)

Proposers should submit a complete, ELECTRONIC Proposal, in “read only” PDF file format using Adobe Acrobat Reader software that must be viewable by CSIT evaluators.

The subject line of the RFP submission and any attachments are all to be clearly labeled.

EACH electronically uploaded file (Proposal, Attachment Submittals, etc.) submission, should follow the following format:

“(Proposer’s Company Name) - Bid Submission-2022-RFP-IPM-077 ResearchwithNJ Asset Management Data System, and the (file/document title)”

All RFP electronic Proposal documents must be uploaded to the Authority’s ShareFile system via:

<https://njeda.sharefile.com/r-r2727bc1d852744c8ac04213e6d917870>

It is highly recommended that you initiate the upload of your bid Proposal/submission a minimum of four (4) hours prior to the Proposal Submission due date/time on the front cover to allow some time to identify and troubleshoot any issues that may arise when using the Sharefile application. Technical inquiries may be directed to EDAProcurementQA@njeda.com.

NOTE: Any bids received after the date and time specified shall not be considered. All Proposal submissions, once opened, become the property of the Authority and/or CSIT and cannot be returned to the Proposer.

1.3.6.2 ELECTRONIC SIGNATURE

Proposers submitting Proposals electronically may sign the forms listed in Section 4.0 Proposal Preparation and Submission – Requirements of the Proposer (Required Compliance Documentation Pre- and Post-Proposal Submission).

Pursuant to written policy, the Authority and CSIT allows documents to be signed electronically and hereby agrees to be bound by such electronic signatures. Proposers submitting Proposals electronically, as signatory to the documents, may sign the forms listed in Section 4.2.4 (Section D - Requested Compliance Documentation Pre & Post Proposal Submission) of this Bid Solicitation, electronically, and agree to be bound by the electronic signatures. The Authority and/or CSIT will accept the following types of electronic signatures: (1) Within Microsoft Word, an individual can go to the “Insert” ribbon at the top of the screen, then within the “Text” section go to the “Signature Line” and enter the information, which creates a security procedure/record attributable to the person signing when transmitted via e-mail or other electronic transfer or; (2) Within Adobe Acrobat DC, go to the “Fill & Sign” “Stamps-Dynamics” or “Certificates” within the “Tools” ribbon and enter the information, which creates a security procedure/record attributable to the person signing when transmitted via e-mail or other electronic transfer; or (3) Digital signatures from Adobe Acrobat DC or produced via similar signature authenticating program (i.e., DocuSign or similar software), which creates a security procedure/record attributable to the person signing.

By submitting an electronic signature, the Proposer is agreeing to be bound by the electronic signature.

Scanned physical signatures will also be accepted, provided that the forms are otherwise properly completed.

This practice applies only to Proposals submitted electronically and the forms listed above. Both electronic signatures and scanned physical signatures will also be accepted, provided that the forms are otherwise properly completed.

Proposers submitting Proposals in hard copy format must provide forms with original, physical signatures; otherwise the Proposal may be deemed non-responsive per Hard Copy Proposal Submission, Section 1.3.6.3.

1.3.6.3 HARD COPY PROPOSAL SUBMISSION

If submitting a hard copy Proposal, a sealed Proposal must be delivered by the required date and time indicated on the cover sheet, in order to be considered for award to the following:

Asteris “Ted” Fanikos
Senior Procurement Officer
NEW JERSEY ECONOMIC DEVELOPMENT AUTHORITY
36 WEST STATE STREET
PO BOX 990
TRENTON NEW JERSEY 08625-0990

The exterior of all Proposal packages is to be clearly labeled with the Proposal title, bid opening date and time, and the Proposer’s Name and Address:

2022-RFP-IPM-077 – ResearchwithNJ Asset Management Data System
August 23, 2022 on or before 2:00 p.m. ET

Submit one (1) ink signed, original hard copy Proposal with all the required documentation and signatures in ink, and three (3) copies marked "COPY".

Proposals submitted by facsimile will not be considered.

ANY PROPOSAL NOT RECEIVED ON TIME AT THE LOCATION INDICATED, WILL BE AUTOMATICALLY REJECTED. THE AUTHORITY WILL NOT BE RESPONSIBLE FOR LATE POSTAL OR DELIVERY SERVICE. THE POSTMARK DATE WILL NOT BE CONSIDERED IN HONORING THE BID DATE RECEIPT AND TIME.

The Authority shall not be responsible for any delivery/postal service's failure to deliver in a timely manner. A Proposer using U.S. Postal Service regular or express mail services should allow additional time to ensure timely receipt of Proposals since the U.S. Postal Service does not deliver directly to the Authority.

Directions to the Authority's Trenton location can be found at the following web address: <https://www.njeda.com/about/> at the bottom of the screen under the "Locations" section of the website.

Any Proposal received after the date and time specified shall not be considered, whether submitted electronically or in hard copy.

1.4 ADDITIONAL INFORMATION

1.4.1 ADDENDA: REVISIONS TO THIS RFP

In the event that it becomes necessary to clarify or revise this RFP, such clarification or revision will be by Addendum. Any Addendum to this RFP will become part of this RFP and part of any contract awarded as a result of this RFP.

ALL RFP ADDENDA WILL BE ISSUED ON THE AUTHORITY'S WEB SITE. TO ACCESS ADDENDA, THE PROPOSER MUST LOCATE THE PROPOSAL NUMBER OF INTEREST AT <https://www.njeda.com/bidding/> - "Business Support Administrative Goods and Services - Bidding Opportunities".

There are no designated dates for release of Addenda. Therefore all interested Proposers should check the Authority's "Bidding Opportunities" website on a daily basis from time of RFP issuance through the Proposal submission opening.

It is the sole responsibility of the Proposer to be knowledgeable of all Addenda related to this procurement.

1.4.2 PROPOSER RESPONSIBILITY

The Proposer assumes sole responsibility for the complete effort required in submitting a Proposal in response to this RFP. No special consideration will be given after Proposals are opened because of a Proposer's failure to be knowledgeable as to all requirements of this RFP Solicitation.

1.4.3 COST LIABILITY

The Authority and CSIT assume no responsibility and bears no liability for costs incurred by a Proposer in the preparation and submittal of a Proposal in response to this RFP Solicitation.

1.4.4 CONTENTS OF PROPOSAL – OPEN PUBLIC RECORDS ACT

The Authority and CSIT, as an instrumentality of the State of New Jersey, is subject to the New Jersey Open Public Records Act (N.J.S.A. 47:1A-1.1 et seq.), as amended and including all applicable regulations and policies and applicable case law, including the common law right to know. Subsequent to the Proposal submission opening, all information submitted by Proposer in response to a solicitation is considered public information, notwithstanding any disclaimers to the contrary submitted by a Bidder. When the RFP contains a negotiation component, the Proposal will not be subject to public disclosure until a conditional Notice of Award is issued.

As part of its Proposal, a Bidder may designate any data or materials it asserts are exempt from public disclosure under OPRA and/or the common law, explaining the basis for such assertion. The location in the Proposal of any such designation should be clearly stated in a cover letter.

A Bidder shall not designate any price lists and/or catalogs submitted as exempt from public disclosure.

Any proprietary and/or confidential information in the Bidder's Proposal will be redacted by the Authority and/or CSIT. A Bidder may designate specific information as not subject to disclosure pursuant to the exceptions to OPRA found at N.J.S.A. 47:1A-1.1, when the Proposer has a good faith legal and/or factual basis for such assertion. The Authority and/or CSIT reserves the right to make the determination as to what is proprietary or confidential, and will advise the Proposer accordingly. **The Authority and/or CSIT will not honor any attempt by a Proposer to designate its entire Proposal as proprietary, confidential and/or to claim copyright protection for its entire Proposal.** Copyright law does not prohibit access to a record which is otherwise available under OPRA. In the event of any challenge to the Proposer's assertion of confidentiality with which the Authority and/or CSIT does not concur, the Proposer shall be solely responsible for defending its designation, but in doing so, all costs and expenses associated therewith shall be the responsibility of the Bidder. The Authority and/or CSIT assumes no such responsibility or liability.

1.4.5 PROPOSAL SUBMISSION ANNOUNCEMENT

On the date and time Proposals are due under the RFP, only the names and addresses of the Proposer(s) submitting Proposals will be publicly announced and the contents of the Proposals shall remain proprietary and/or confidential, pursuant to Negotiation and Best and Final Offer (BAFO) Section 6.8, until the Conditional/Notice of Intent to Award is issued.

NOTE: All Proposal submissions, once publicly opened, become the property of the Authority and CSIT and cannot be returned to the Proposer.

1.4.6 PROPOSAL ERRORS – BEFORE & AFTER BID OPENING

A Proposer(s) may withdraw its Proposal as described below:

A Proposer(s) may request that its Proposal be withdrawn prior to the Proposal submission opening. Such request must be made, in writing, via e-mail to the IPM Procurement Department at email: EDAProcurementQA@njeda.com, with a reference to company name, RFP number, RFP Title, a Proposal identifier if one was applied, Proposal submission date, and method of Proposal submission (i.e., electronic version or hard copy delivery). The written withdrawal request must be signed and submitted by a duly authorized representative of the Proposing entity to be valid.

In the event the Proposer withdraws its bid Proposal in person, a business card and proper identification must be presented. Proposals so withdrawn will be returned to the Proposer unopened.

If the withdrawal request is granted, the Proposer(s) may submit a revised Proposal as long as the Proposal is received prior to the announced date and time for Proposal submission and at the place specified.

If, after the Proposal submission opening but before contract award, a Proposer(s) discovers an error in its Proposal, the Proposer(s) may make a written request to the IPM Procurement Department for authorization to withdraw its Proposal from consideration for award. Evidence of the Proposer's good faith in making this request shall be used in making the determination. The factors that will be considered are that the mistake is so significant that to enforce the contract resulting from the Proposal would be unconscionable; that the mistake relates to a material feature of the contract; that the mistake occurred notwithstanding the Proposer's exercise of reasonable care; and that the CSIT will not be significantly prejudiced by granting the withdrawal of the Proposal. After the Proposal submission opening, while pursuant to the provisions of this section, the Proposer may request to withdraw the Proposal and the CSIT may, in its sole discretion allow the Proposer to withdraw it, the CSIT also may take notice of repeated or unusual requests to withdraw by a Proposer(s) and take those prior requests to withdraw into consideration when evaluating the Proposer(s) future bids or Proposals.

If during a Proposal evaluation process an obvious pricing error made by a potential contract awardee is found, the Authority shall issue written notice to the Proposer(s). The Proposer(s) will have five (5) days after receipt of the notice to confirm its pricing. If the Proposer fails to respond, its Proposal shall be considered withdrawn, and no further consideration shall be given it.

If it is discovered that there is an arithmetic disparity between the unit price and the total extended price, the unit price shall prevail. If there is any other ambiguity in the pricing other than a disparity between the unit price and extended price and the Proposer's intention is not readily discernible from other parts of the Proposal, the IPM Procurement Department may seek clarification from the Proposer(s) to ascertain the true intent of the Proposal.

1.4.7 JOINT VENTURE

The CSIT will **NOT** consider Proposals submitted by joint ventures, in the performance of the Work for this RFP.

Proposers shall note that any and all reference to "joint venture(s)", "joint venture partner(s)"/"joint venture partnership(s)" in any documents included as a part of the RFP specifications, exhibits or attachments shall be read as though the words are stricken and removed.

1.4.8 SUBCONTRACTORS/SUBCONSULTANTS

For purposes of this RFP, the CSIT will consider Proposals submitted which may employ the use of Subcontractors and/or subconsultants to satisfy the requirements and deliverables required of the resulting contract.

See Proposer's Checklist – Subcontractor Utilization Form, complete & submit, if applicable.

The Contractor shall be fully responsible to the CSIT for the acts and omissions of its Subcontractors and/or subconsultants, and of persons either directly or indirectly employed by them, as the Contractor is responsible for the acts and omissions of persons directly employed by the Contractor.

The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor by the terms of the Contracts Documents in so far as applicable to the Work of Subcontractors and to give the Contractor the same power as regards terminating any subcontract that the CSIT may exercise over the Contractor under any provision of the Contract Documents.

Proposers should note that the Contractor retains the sole and absolute responsibility for the management and supervision of all Subcontractors to a high quality of service. Such Subcontractors must possess a valid "Business Registration Certificate", as further detailed in "Section 4.2.4.5 Compliance – Business Registration Certificate" of this RFP. Additionally, the Contractor assumes sole and absolute responsibility for all payments and monies due to its Subcontractors.

Nothing contained in this RFP and subsequent Contract shall create any contractual relation between any Subcontractor and the CSIT.

1.4.9 CONFLICT OF INTEREST

Proposer must indicate and detail any Conflict of Interest that exists with either their personnel or any Subcontracting personnel being utilized for these services. Such conflicts include a direct, familial, or personal monetary interest or any previous or existing personal/professional relationships with the CSIT and any personnel assigned to work on the CSIT's account, regarding these requisite services.

If such a Conflict of Interest exists with any vendor personnel or any Subcontracting personnel being utilized for these services, the Proposer must disclose such possible conflicts in the Proposal. Should a conflict(s) be found to exist, whether real or perceived, the CSIT, in its sole discretion, shall determine whether it is a conflict(s) and the individual(s) involved are to be immediately removed.

1.4.10 PROPOSAL ACCEPTANCES AND REJECTIONS

The CSIT's staff reserves the right to reject any and all Proposals, if deemed to be in the best interest of the CSIT, to request redefined Proposals from any entity responding to this RFP, to schedule interviews with no Proposers, all Proposers, or only the most highly qualified Proposers, as determined by the CSIT; or to request clarifications of any portion of the Proposal received. Further, the CSIT's staff reserves the right, at its sole discretion, to waive minor elements of non-compliance of any entity's Proposal, regarding the requirements outlined in this RFP. The CSIT retains the discretion to modify, expand or delete any portion of this RFP or terminate this RFP process at any time.

2.0 DEFINITIONS

2.1 GENERAL DEFINITIONS

The following definitions will be part of any contract awarded or order placed as a result of this RFP.

Addendum – Written clarification or revision to this RFP issued by the Authority.

All-Inclusive Hourly Rate – An hourly rate comprised of all direct and indirect costs including, but not limited to: overhead, fee or profit, clerical support, travel expenses, per diem, safety equipment, materials, supplies, managerial support and all documents, forms, and reproductions thereof. This rate also includes portal-to-portal expenses as well as per diem expenses such as food.

Amendment – An alteration or modification of the terms of a contract between the Authority and the Contractor(s). An amendment is not effective until approved in writing by the Authority.

Authority – The New Jersey Economic Development Authority. However, for purposes of this RFP the term “Authority” also encompasses CSIT

Best and Final Offer or BAFO – Pricing submitted by a Proposer upon invitation by the Authority after Proposal opening, with or without prior discussion or negotiation.

Bid or Proposal – Proposer’s timely response to the RFP including, but not limited to, the technical Proposal, fully completed Fee Schedule, and any licenses, forms, certifications, or other documentation required by the RFP.

Bidder – An individual or business entity submitting a Proposal in response to this RFP.

Board of Directors – Responsible for the management of all New Jersey Economic Development Authority operations.

Business Day – Any weekday, excluding Saturdays, Sundays, Authority legal holidays, and State-mandated closings unless otherwise indicated.

Calendar Day – Any day, including Saturdays, Sundays, State legal holidays, and State-mandated closings unless otherwise indicated.

Contract – The Contract for Professional Services – Exhibit A, this RFP, any addendum to this RFP, and the Bidder’s Proposal submitted in response to this RFP, as accepted by the Authority.

Contractor – The Bidder/Proposer awarded a contract resulting from this RFP.

Chief Executive Officer (CEO) – The Individual, or his/her designee, who has authority as the Chief Contracting Officer for the New Jersey Economic Development Authority.

Designated Contract Manager – Individual responsible for the overall management and administration of the contract and Contractor relationship.

Director – The Director of Internal Process Management Department, New Jersey Economic Development Authority.

Disabled Veterans’ Business – means a business which has its principal place of business in the State, is independently owned and operated and at least 51% of which is owned and controlled by persons who are disabled veterans or a business which has its principal place of business in this State and has been officially verified by the United States Department of Veterans Affairs as a

service disabled veteran-owned business for the purposes of department contracts pursuant to federal law. N.J.S.A. 52:32-31.2.

Disabled Veterans' Business Set-Aside Contract – means a contract for goods, equipment, construction or services which is designated as a contract with respect to which bids are invited and accepted only from disabled veterans' businesses, or a portion of a contract when that portion has been so designated. N.J.S.A. 52:32-31.2.

Evaluation Committee – A committee established, or Authority staff member assigned by the requesting department, to review and evaluate Proposals submitted in response to this RFP and to recommend a contract award to the CEO and/or the Board of Directors.

Firm Fixed Price – A price that is all-inclusive of direct cost and indirect costs, including, but not limited to, direct labor costs, overhead, fee or profit, clerical support, equipment, materials, supplies, managerial (administrative) support, all documents, reports, forms, travel, reproduction and any other costs. No additional fees or costs shall be paid by the Authority unless there is a change in the scope of work.

Internal Process Management Procurement (IPM Procurement) – The Department of the New Jersey Economic Development Authority responsible for the tasks and activities associated with procurement.

Joint Venture – A business undertaking by two or more entities to share risk and responsibility for a specific project.

May – Denotes that which is permissible, not mandatory.

Must – Denotes that which is a mandatory requirement. Failure to meet a mandatory material requirement will result in the rejection of a Proposal as non-responsive

No Charge – The Proposer will supply an item on a price line free of charge.

Proposer - An individual or business entity submitting a Proposal in response to this RFP.

Project – The undertaking or services that are the subject of this RFP.

Request for Proposal (RFP) – This series of documents, which establish the bidding and Contract requirements and solicits Proposals to meet the needs of the Authority, as identified herein, and includes the Request for Proposal, Sample Contract, fee/price schedule, attachments and addenda.

Retainage – The amount withheld from the Contractor's payment that is retained and subsequently released upon satisfactory completion of performance milestones by the Contractor.

Revision – A response to a BAFO request or a requested clarification of the Proposal.

Shall – Denotes that which is a mandatory requirement. Failure to meet a mandatory material requirement will result in the rejection of a Proposal as non-responsive.

Should – Denotes that which is recommended, not mandatory.

Small Business – Pursuant to N.J.A.C. 17:13-1.2, "small business" means a business that meets the requirements and definitions of "small business" and has applied for and been approved by the New Jersey Division of Revenue and Enterprise Services, Small Business Registration and M/WBE Certification Services Unit as (i) independently owned and operated, (ii) incorporated or registered in and has its principal place of business in the State of New Jersey; (iii) has 100 or fewer full-time employees; and has gross revenues falling in one (1) of the three (3) following categories: For

goods and services – (A) 0 to \$500,000 (Category I); (B) \$500,001 to \$5,000,000 (Category II); and (C) \$5,000,001 to \$12,000,000, or the applicable federal revenue standards established at 13 CFR 1221.201, whichever is higher (Category III); For construction services: (A) 0 to \$3,000,000 (Category IV); (B) gross revenues that do not exceed 50 percent of the applicable annual revenue standards established at 13 CFR 121.201 (Category V); and (C) gross revenues that do not exceed the applicable annual revenue standards established at CFR 121.201 (Category VI).

Small Business Set-Aside Contract – means (1) a contract for goods, equipment, construction or services which is designated as a contract with respect to which bids are invited and accepted only from small businesses, or (2) a portion of a contract when that portion has been so designated. N.J.S.A. 52:32-19.

State – The State of New Jersey.

Subtasks – Detailed activities that comprise the actual performance of a task.

Subcontractor/Subconsultant – An entity having an arrangement with an Authority Contractor, where by the Authority Contractor uses the products and/or services of that entity to fulfill some of its obligations under its Authority contract, while retaining full responsibility for the performance of all of its (the Contractor's) obligations under the contract, including payment to the Subcontractor/Subconsultant. The Subcontractor/Subconsultant has no legal relationship with the Authority, only with the Contractor.

Task – A discrete unit of work to be performed.

TOR (Task Order Request) – A Task Order is issued for the performance of tasks/services. In TOR-based solicitations, a TOR is a description of the individual task/service for which proposals and quotes will be solicited.

Transaction - The payment or remuneration to the Contractor for services rendered or products provided to the Authority pursuant to the terms of the contract, including but not limited to the following: purchase orders, invoices, hourly rates, firm fixed price, commission payments, progress payments and contingency payments.

Unit Cost or Unit Price – All inclusive, firm fixed price charged by the Proposer for a single unit identified on a price line.

Vendor - An individual or business entity submitting a Proposal in response to this RFP.

Will – Denotes that which is permissible or recommended, not mandatory.

2.1.1 CONTRACT-SPECIFIC DEFINITIONS

Automated Data Consumption & Updates – Ability for created Asset Management Database to automatically adjust, update & integrate from all individual sources.

CSIT - NJ Commission on Science, Innovation, and Technology.

Database – the New Jersey Asset Management Web Based Data System which consolidates all research information, integrating all named existing research universities and existing databases into one platform.

Executive Director – Executive Director of the NJ Commission on Science, Innovation, and Technology (CSIT).

Monthly Subscription Service – Access to User Profiles.

New Jersey Research Universities – Montclair State University, New Jersey Institute of Technology, Princeton University, Rowan University, Rutgers University, Seton Hall University and Stevens Institute of Technology University.

OSHE - Office of the Secretary of Higher Education.

Software as a Service-SaaS – Customizable, off the shelf cloud based software.

3.0 SCOPE OF WORK – REQUIREMENTS OF THE VENDOR {CONTRACTOR}

The CSIT is seeking proposals from qualified firms for a customizable, off-the-shelf software product to support the continued implementation, creation, and maintenance of RwNJ, a New Jersey Asset Management Web Based Data System, implemented as a cloud solution hosted by the Proposer (Software as a Service – SaaS).

The RwNJ database currently collects, hosts and enables users to search through topics of research, expertise and other assets at the participating research universities. Proposers may have access and/or the ability to link to existing systems of university and other partners, where feasible and relevant.

University / research entities with a unique portal will have project management staff available. CSIT will oversee this initiative and all related work will be coordinated through CSIT. The intent of the database is to enhance access to current information and partnership opportunities across a broad array of constituencies, including university faculty, researchers and other experts; small, mid-sized and large businesses; and members of the public.

None of the aforementioned services will be required at the site of property owned or controlled by the NJEDA, CSIT or the State of New Jersey.

3.1 SYSTEM/SOFTWARE PRODUCT CAPABILITIES

- A) Minimum requirements for the requested service(s) and Off-The-Shelf with Customizable features(s) the Proposer will utilize to support the transition, development and maintenance of the New Jersey Asset Management Web Based Data System. The system must be branded as ResearchWithNJ and use the current logo. **Failure to satisfy the minimum requirements shall render the proposal as non-responsive and shall be rejected.**
1. Propose an architecture that allows for one main consolidated NJ community portal and sub-institution portals for individual entities (universities, private / public research entities, corporations). The architecture must initially allow for five (5) sub-portals for the existing participating universities. The Proposer's system must allow for the addition of future participants, such as private and non-profit research entities and corporations, whether through separate, individual portals, combined additional portal(s) with multiple participants, or some combination of individual and combined portals. Similar to the initial five (5) individual portals, data from any new portals must have the ability to be aggregated to the NJ community portal.
 2. Allow for data from the sub-portals to automatically aggregate to the main NJ community portal.
 3. Allow for the utilization of the existing RwNJ database of researcher profiles, research units, facilities, projects, and research outputs into the new RwNJ database
 4. Allow for seamless data exchange and integration with other information repositories and ERP (Enterprise Resource Planning) systems, and support linking to documents in many different types and formats (i.e. PDF, TIFF, BMP, DWG, WORD, XML, JSON, and CAD).
 5. Allow for automated quarterly data updates of researcher / faculty profiles, patents issued, university/research institution core facility assets. Indicate how the Proposer's system will integrate with various existing university and public databases, to include Human Resources systems, to manage updates in a way that will require minimum effort on the part of university/research

- institution and other individual entity administrators and if updating of elements will occur more frequently than quarterly.
6. Allow for each sub-portal to have an administrator manage faculty/researcher profiles and research expertise visible to users. Individual institutions must have the ability to customize the visible profile data fields and make updates to information.
 7. Allow for the ability for faculty / researcher profiles to include links to external sites such as university websites and You Tube videos.
 8. Allow for potential centralized management by CSIT of researcher profiles for smaller research entities.
 9. Allow for users to create and save database searches to find and open records using a range of search criteria (i.e. full-text, wild card and field level).
 10. Provide access via links for information to peer reviewed literature for individual faculty/researchers. Such access may include a separate access charge from the provider of the literature.
 11. Provide for a graphic display of faculty / researcher members' collaboration network, including existing academic, industry and government partnerships.
 12. Provide detailed Information identifying the availability of the University's / Research Institution's physical assets, such as: facilities, equipment, and lab space, to serve external users.
 13. Provide access to institutional awarded grants (to individuals, centers, entities etc.) giving researchers and / or administrators managing the portals the ability to manually upload information or edit information from public sources covering all federal awards including but not limited to National Science Foundation, National Institute of Health, Department of Defense, National Aeronautics and Space Administration, Economic Development Administration, Department of Energy, Department of Justice, Environmental Protection Agency, Department of Transportation and public sources of corporate and foundation funding.
 14. Provide access on the individual portals and community portal to Intellectual Property (IP) information for individual faculty/researchers. This data should be sourced from individual databases managed by universities / research facilities.
 15. Provide a solution that will enable the categorizing and ultimate highlighting of profiles, facilities, research outputs etc. by multiple strategic industry sectors that can be identified / changed periodically with the ability to have separate sectors identified on the community portal and the individual subportals.
 16. Offer uninterrupted maintenance to ensure data integrity and quality as it relates to the portal.
 17. Provide for a customizable "contact us" feature on the community and individual university portals that has security elements to verify inquiries are from users and not bots.
 18. Provide a solution that allows for expansion of the system to new entities (higher education, public / private research entities, corporations) beyond the initial set of 5 NJ academic institutions. Provide pricing for such system expansion to include STEM faculty.
 19. University/ research institution staffing requirement for the maintenance of the data should be minimal; the regular integration of the data should not require any technical university staff expertise.
 20. Support the design and implementation of the data system.
 21. Fully describe where all source data would originate to populate/update the database.
 22. Interact with state and university stakeholders, in order to develop this system.

23. Offer online or in person training upon initial launch and provide training materials in electronic form including recorded webinars, detail what the training includes and the timeline. If training is offered in person, the applicant must provide copies of any handout materials. In person training will be dictated by NJ health requirements associated with COVID.
24. Offer ongoing monthly office hour support to each RwNJ partner responsible for each portal instance.
25. Offer data system performance monitoring, including metrics evaluation of usage and search data and other qualitative and quantitative components.
26. Ability to update & maintain data from all individual sources.
27. Offer uninterrupted maintenance to ensure data integrity and quality.
28. Establish and maintain sound backup and recovery policies and procedures.
29. Implement and maintain database security.
30. Setup and maintain documentation and standards.
31. Provide support and project management.
32. Provide ongoing technical troubleshooting and related assistance, including a web based on-line help system for users.
33. Provide regular data integration support that keeps university staffing requirement for maintenance at a minimum and requiring no technical expertise
34. Provide timely and helpful responses to user tickets. All tickets must receive an initial response in 48 hours.

B) Supplemental Options of the Proposer for the New Jersey Asset Management Web Based Data System.

1. Provide a solution that allows for the automatic updating of institutional awarded grants from public sources covering all federal awards including but not limited to National Science Foundation, National Institute of Health, Department of Defense, National Aeronautics and Space Administration, Economic Development Administration, Department of Energy, Department of Justice, Environmental Protection Agency, Department of Transportation and public sources of corporate and foundation funding.
2. Provide a solution that allows for the optional expansion of the system to include access to industry-specific job and student internship postings and resources, and professional development opportunities, to allow for logged in users to post jobs or opportunities and /or connect with existing university career services systems.
3. Provide a solution that allows for the optional expansion of the system to include access to available and relevant financing assistance from the State, federal government, and universities, with links to related websites, so the information is searchable for all users at the community portal.
4. Provide a solution that is optimized for mobile viewing
5. Provide a solution that allows for the optional expansion of the system to highlight clinical trials taking place at each research institution.

3.2 PROJECT MANAGEMENT & TIMELINE/DELIVERABLES

The continued implementation and maintenance of RwNJ, a New Jersey Asset Management Data System will commence immediately upon the execution of the Contract for Professional Services, or as directed by the CSIT's Designated Contract Manager, based on its business needs.

The CSIT is requesting pricing for the Transition/ Development/Implementation/Launch/ & Maintenance, per the Fee Schedule.

Proposer's timelines to complete each Phase are critical to CSIT. The Proposer shall complete Phases I – III within a 4 four-month timeframe from date of contract execution.

Proposals must address each minimum deliverable listed below by detailing and providing the minimum deliverables documentation including all completion dates. It is recommended that applicants organize the information in the Phases as listed below.

Phase 0: Proposal Submission

Minimum deliverables:

- A. RFP response
- B. Mockup of proposed website design

Phase I: Initial Development

Minimum deliverables:

- A. Documents outlining and detailing a process and workflow, and content inventory, analysis, including a review of existing RwNJ system and University databases.
- B. A final development plan/product roadmap, including configuration.
- C. Documents outlining and detailing established information and security policies.

Phase II: Implementation including beta analysis/testing

Minimum deliverables:

- A. Functional, informational and interactive solution design, including creation of faculty profiles and web portal interface.
- B. Documents outlining and detailing fully mapped database backup and retrieval, including a security audit.
- C. Uploading of existing RwNJ database
- D. Internal testing, including a content audit. At least three (3) User Acceptance Tests must be conducted, with detailed test results documents submitted to CSIT.

Phase III: Transition

Minimum deliverables:

- A. Finalize roll-out plan, including transition date with existing RwNJ portals
- B. Complete final application testing and profile review.
- C. On-site, group and webinar training, for key user groups.
- D. Public launch of database.

Phase IV: Performance Monitoring/Support/Security on-going on a monthly basis for the duration of the contract

Minimum deliverables:

- A. Performance monitoring, including Qualitative & Quantitative Analysis.
 - a. Quarterly updates of profiles
 - b. Monthly updates of external data for IP and grants
 - c. Monthly reports of visitor information to RwNJ community portal and individual sub-portals
 - d. Weekly verification that RwNJ system is operating / functional, and data is displayed correctly, report as required on discrepancies, and take prompt/timely corrective action

- e. As required reporting of any site maintenance issues that will limit operation of the RwNJ system
 - f. Monthly verification of data on each portal and de-duplication of entries
 - g. Monthly overall statistics on profile count per portal
- B. Provision of customer and technical support.
- C. Maintain database security & data integrity.

Monthly Subscription Service – Provide a fee structure broken down by categories such as initial setup costs, ongoing maintenance fees, and any subscription costs, whether on a per-profile basis or other basis as determined by the Proposer. Provide details on costs to expand to additional university / research institution portals and additional functions. As set forth in the Fee Schedule, the expansion to an additional university / research institution will be reviewed on the average of the Total Cost for Each Phase 1F – 1G and would be the average cost/profile for profiles 5,001 – 5,500 and 5,501 – 6,000.

3.3 **BUDGET/USERS/ESTIMATED SUBSCRIBERS**

RwNJ has been operating since 2017 on a pilot basis including the following research universities: Montclair, Rutgers, Rowan, the New Jersey Institute of Technology, and Princeton.

The CSIT estimates the database will include approximately 5,000 subscribers/faculty profiles from these research universities, but provides no guarantee or minimum as to the actual number of profiles utilized. As a public good, the database will offer access to members of the public through the web-based portal.

Proposers shall note that CSIT does not guarantee these levels of profiles and reserves the right to increase and / or decrease the allotment, at any time, throughout the term of the contract and any extensions thereto, with all pricing, terms, conditions and specifications of the original contract and accepted proposal remaining in effect.

3.4 **COMMUNICATIONS AND REPORTING**

The selected firm will be required to provide a monthly report, in writing, to the CSIT summarizing actions and progress towards deliverables for the duration of the contract. The monthly report should also include a summary of the funds expended during the reporting timeframe and a year-to-date total.

At a minimum, the report should include:

- Phase with dates and summary, per the Proposer’s response schedule.
- Progress toward deliverables.
- Summary of funds expended to date and year-to-date total.

In addition, on a weekly basis, CSIT, in conjunction with the firm’s designated Lead Account Manager or “Back-Up” Leader Account Manager, will have a call estimated to be one and one and a half (1.5) hours in duration to address timelines, bottlenecks and requirements, as they are identified. This schedule may be reduced to bi-weekly at CSIT’s discretion based on project implementation.

The selected firm will set up a monthly office (30 minute) hour call with each university / research institution that has an individual portal instance as a check-in mechanism.

On a quarterly basis the firm will present to the RwNJ Advisory Board and a separate meeting with the RwNJ marketing team.

No additional compensation will be provided for participating in the weekly or quarterly call/meetings or for preparing and submitting the requisite reports. Responding firms must consider the costs associated with these activities when completing the Fee Schedule.

Submission of purchase orders, confirmations, and/or invoices do not fulfill this contract requirement for information. Failure to report this mandated information may be a factor in future award decisions.

3.5 INITIAL ORGANIZATIONAL MEETING

The Proposer shall attend an Initial Organizational Meeting with CSIT's designated staff, as well as NJEDA and/or university representatives, as may be deemed appropriate, to launch the Asset Management Data System. The Initial Organizational Meeting will be held within ten (10) business days of executing the Contract for Professional Services. The purpose of the meeting is to allow the Proposer (and any staff assigned to perform work against the resulting contract) the opportunity to meet with CSIT's designated staff members, as well as NJEDA and/or university representatives, as may be deemed appropriate, to gain a clearer understanding of the performance expectations and to review CSIT's requisite timelines. The CSIT's Contract Manager will guide the meeting and address any issues.

This meeting will be held at a CSIT location in NJ. The exact location to be determined in the future. The CSIT, in its sole discretion, may permit certain, limited staff members of the Proposer to participate via teleconference, should travel to the CSIT's offices be prohibitive.

CSIT will make every effort to schedule the meeting at a mutually convenient time; however, CSIT will make the sole determination regarding the date and time to ensure maximum participation by CSIT's staff as well as NJEDA and/or university representatives.

3.6 AVAILABILITY OF SERVICES

It is possible that a limited number of the Proposer's staff may be required to provide a nominal portion of the requisite services (i.e. meeting with senior executive staff, senior managers, etc.) outside of normal business hours in order to accomplish the requisite schedule and dates for completion of the Work. For purposes of this RFP, "normal business hours" are defined as Monday through Friday, between the hours of 8:00 AM and 5:00 PM, exclusive of CSIT holidays. Interested Firms should consider the need for such limited work to be performed outside of normal business hours and include such costs when preparing its "Fee Schedule". It is CSIT's intent to minimize these instances, whenever possible. However, in the event the Firm fails to accommodate the CSIT's need for After-Hours Work on two (2) or more instances; the Proposer will be considered to be non-responsive to the needs of CSIT. As such, CSIT may cancel the contract for cause.

4.0 PROPOSAL PREPARATION AND SUBMISSION – REQUIREMENTS OF THE PROPOSER

Failure to submit information as indicated below may result in your Proposal being deemed non-responsive.

4.1 GENERAL

Proposals that conflict with those terms and conditions contained in this RFP or the CSIT's Contract for Professional Services, Exhibit A, as may be amended by addenda, or that diminish the CSIT's rights under any contract resulting from the RFP will result in the entire Proposal being rejected. The CSIT is not responsible for identifying conflicting terms and conditions before issuing a contract award. In the event that prior to the notice of intent to award, the CSIT notifies the Proposer of any such term or condition and the conflict it poses, the CSIT may require the Proposer to either withdraw it or withdraw its Proposal.

After award of contract:

- A. if a conflict arises between a supplemental term or condition included in the Proposal and a term or condition of the RFP, the term or condition of the CSIT's Contract for Professional Services, Exhibit A and/or the CSIT's RFP will prevail; and
- B. if the result of the application of a supplemental term or condition included in the Proposal would diminish the CSIT's rights, the supplemental term or condition will be considered null and void.

The Proposer is advised to thoroughly read and follow all instructions contained in this RFP, including the instructions on the RFP's Signatory Page, in preparing and submitting its Proposal.

Use of URLs in a Proposal should be kept to a minimum and may not be used to satisfy any material term of an RFP.

4.1.1 NON-COLLUSION

By submitting a Proposal and signing the Signatory Page, the Proposer certifies as follows:

- A. The price(s) and amount of its Proposal have been arrived at independently and without consultation, communication or agreement with any other Contractor, Proposer or potential Proposer;
- B. Neither the price(s) nor the amount of its Proposal, and neither the approximate price(s) nor approximate amount of this Proposal, have been disclosed to any other entity or person who

is a Proposer or potential Proposer, and they will not be disclosed before the Proposal submission;

- C. No attempt has been made or will be made to induce any entity or person to refrain from bidding on this contract, or to submit a Proposal higher than this Proposal, or to submit any intentionally high or noncompetitive Proposal or other form of complementary Proposal;
- D. The Proposal of the entity is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any entity or person to submit a complementary or other noncompetitive Proposal; and
- E. The Proposer, its affiliates, subsidiaries, officers, directors, and employees are not currently under investigation by any governmental agency and have not in the last five (5) years been convicted or found liable for any act prohibited by state or federal law in any jurisdiction, involving conspiracy or collusion with respect to bidding on any public contract.

The forms discussed herein for Business Support Administrative Services Bidding Opportunities and required for submission of a Proposal in response to this RFP are available on the Authority's website at <https://www.njeda.com/bidding/> see RFP Proposer Checklist – 2022-RFP-IPM-077 ResearchwithNJ Asset Management Data System, unless noted otherwise.

4.2 PROPOSAL CONTENT AND SUBMISSION ORDER

Submit a Proposal in three (3) volumes (i.e., upload separate electronic volumes; or, if submitting in hard-copy, submit in separate folders or binders). One (1) volume must contain the **mandatory** compliance documentation. One volume must contain only the **mandatory** Fee Schedule. The additional volume must contain, at a minimum, the **mandatory** portions of the Proposer's Proposal. If the Proposal is extra large in size, submitting multiple additional volumes for the Technical Proposal is permissible.

If a Proposer's Proposal does not conform to the requirements and fails to provide all mandatory submissions by the date and time of bid opening, the Proposer's Proposal will be rejected as being non-responsive for non-compliance of mandatory requirements.

Technical Proposal Volume

Technical Proposal. Please reference Section 4.2.1 in this RFP. Do not include pricing in this Volume.

Pricing Volume

Fee Schedule. Please reference Section 4.2.2 in this RFP.

Compliance Volume

Please reference all Subsections in Section 4.2.3 in this RFP and also reference the Proposer's Checklist attachment accompanying this RFP for items that are **mandatory submissions** and those that are required **prior to** Contract Award.

4.2.1 TECHNICAL PROPOSAL, ORGANIZATIONAL QUALIFICATIONS, EXPERIENCE AND MISCELLANEOUS INFORMATION (MANDATORY SUBMISSION WITH BID PROPOSAL)

In this section, the Proposer must set forth its understanding of the requirements of this RFP and its ability to successfully complete the contract. The Proposer shall describe its approach and plans

for accomplishing the work outlined in the Scope of Work, Section 3.0. The Proposer must include information relating to its organization, personnel, and experience evidencing the Proposer's qualifications and capabilities to perform the services required by this RFP.

The Technical Proposal must, at a minimum, contain the information below and be submitted in the following order:

- I. Cover Letter (Optional);
- II. Management Overview and Technical Approach to Achieve the Scope of Work;
- III. Organization Chart, if applicable and not a sole proprietor;
- IV. Key Team Member List, if applicable and not a sole proprietor;
- V. Resumes of Key Team Members;
- VI. References of Key Team Members;
- VII. Description and Documentation of Proposer's Prior Experience and Qualifications; and
- VIII. Financial Capability of the Proposer.

The Proposer should include the level of detail it determines necessary to assist the evaluation committee in its review of Bidder's Proposal.

I. Cover Letter (Optional)

All Respondents should submit a cover letter, which includes the full company name and address of the entity performing the services described in this RFP, and the name, e-mail address and telephone number for the individual who will be the primary contact person for the responding Proposer for this engagement. Also indicate the state of incorporation, whether the Proposer is operating as an individual proprietorship, partnership, or corporation, including the identification of any and all Subcontractors/Sub-consultants.

II. Management Overview and Technical Approach to Achieve the Scope of Work

- A. The Proposer shall set forth its overall technical approach and plans to meet the requirements of the RFP in a narrative format, in order to convince the CSIT that the Proposer understands the objectives that the engagement is intended to meet, the nature of the required work and the level of effort necessary to successfully complete the engagement. This narrative should convince the CSIT that the Proposer's general approach and plans to undertake and complete the engagement are appropriate to the tasks and subtasks involved;
- B. The Proposer shall provide a discussion/rationale for why the Proposer's approach will best meet the needs of the CSIT; and
- C. The Proposer shall also set forth a detailed work plan indicating how each task in the Scope of Services, Section 3.0, will be accomplished, including an outline of a proposed meeting schedule with CSIT staff and timeline for key milestones and ability to complete the scope of work within the maximum timeline.

III. Organization Chart, if applicable (not required for a sole proprietor)

Provide an organization chart that must include all key team members, their labor category, and titles for this engagement. For the purposes of this engagement, a "key team member" is identified as having a responsible role in the successful completion of the services requested pursuant to this RFP and who generally spends or is expected to spend twenty (20) percent or more of his/her time on this engagement.

If the Proposer has access to additional professional resources, such as Subject Matter Experts (SMEs), who are technically and/or professionally qualified, the Proposer should list these additional resources in its Proposal, and include the individual(s) on the Organization Chart.

Note: If the Proposal submission includes a “key team member that is a Subcontractor(s) and/or Subconsultant(s)”, the “Organization Chart” must clearly indicate that they are a Subcontractor(s) and/or Subconsultant(s), and submit a completed Subcontractor/ Subconsultant Utilization form (See Proposer’s Checklist).

IV. Key Team Member List, if applicable (not required for a sole proprietor)

List each key team member who will be utilized for this contract by name and title.

Note: If the Proposal submission includes a “key team member that is a Subcontractor(s) and/or Subconsultant(s)”, the “Organization Chart” must clearly indicate that they are a Subcontractor(s) and/or Subconsultant(s), and submit a completed Subcontractor/ Subconsultant Utilization form (See Proposer’s Checklist).

V. Resumes/Bios of Key Team Members

A resume/bio for each key team member should be included.

VI. References

Each key team member’s resume should include at least three (3) client references applicable to the scope of services, including contact names, telephone numbers and e-mail addresses.

VII. Description and Documentation of Proposer’s Prior Experience and Qualifications

- A. The Proposer shall clearly state its skills and experience in a manner that demonstrates its capability to complete the Scope of Services, Section 3.0;
- B. Provide a narrative description (or resume, if you are a sole proprietor), detailing your organization’s {your} experience as in the development and maintenance of a statewide or multi-user/profile asset management web based data system. Information in the narrative description or resume should be supported by evidence or information that can be independently verified by the CSIT;
- C. Provide information from projects your organization (or you, if you are a sole proprietor) has previously worked on, and in what role/capacity. For each project that you list, indicate the scope, the location of the project(s), and the beginning and end dates of the project(s). If applicable, highlight projects in which members of your proposed project team have worked together;
- D. If applicable, submit any information/examples of services provided that are similar in size or scope, or show demonstrated experience in the development and maintenance of a statewide or multi-user/profile asset management web based data system in New Jersey, other states or on an international basis;
- E. Provide a listing of three client references, which includes contact names, titles and telephone numbers for which your firm (or you, if you are a sole proprietor) has provided services. The beginning and ending dates of the provided services must be included.

If the Proposer is submitting a Proposal that includes a Subcontractor(s), detail the Subcontractor’s specific role for this project, how they will interface with the Proposer’s staff and complete a Subcontractor/Subconsultant Utilization Form. See Proposer’s Checklist.

VIII. Financial Capability of the Proposer

- A. In order to provide the CSIT with the ability to judge the Proposer's financial capacity and capabilities to undertake and successfully complete the contract, the Proposer should submit certified financial statements which include a balance sheet, income statement, and statement of cash flow, and all applicable notes for the most recent calendar year or the Proposer's most recent fiscal year. If financial statements are not available, the Proposer is to provide either a reviewed or compiled statement from an independent accountant setting forth the same information required for the certified financial statements, together with a certification from the Chief Executive Officer and the Chief Financial Officer, that the financial statements and other information included in the statements fairly present in all material respects the financial condition, results of operations and cash flows of the Proposer as of, and for, the periods presented in the statements. In addition, the Proposer should submit a bank reference;
- B. If the information is not supplied with the Proposal, the Authority and/or CSIT may still require the Proposer to submit it. If the Proposer fails to comply with the request within three (3) business days, the CSIT may deem the Proposal non-responsive;
- C. A Proposer may designate specific financial information as not subject to disclosure if the Proposer provides a good faith legal/factual basis for such assertion. The Proposer may submit the specific financial documents in a separate file clearly marked "Confidential-Financial Information"; and
- D. The CSIT reserves the right to make the determination to accept the assertion.

4.2.1.1 POTENTIAL PROBLEMS

The Proposer must set forth a summary of any and all problems that the Proposer anticipates during the term of the contract. For each problem identified, the Proposer should provide its proposed approach.

4.2.2 FEE SCHEDULE (MANDATORY SUBMISSION WITH BID PROPOSAL)

The Proposer must submit its pricing using the format set forth on the Fee Schedule accompanying this RFP. Proposers are NOT permitted to alter or change the provided Fee Schedule format/category designations. Any additional or supplemented versions of the CSIT-supplied Fee Schedule will not be accepted and will result in the Proposer's Proposal deemed non-responsive. **ANY MODIFICATION OF THE FEE SCHEDULE SHALL RESULT IN THE PROPOSAL BEING REJECTED AS NONRESPONSIVE.**

If the Proposer will supply an item on a price line free of charge, the Proposer must indicate "No Charge" on the CSIT-supplied Fee Schedule accompanying this RFP Solicitation. The use of any other identifier may result in the Proposer's Proposal being deemed non-responsive.

4.2.2.1 DELIVERY TIME AND COSTS

- A. Unless otherwise noted elsewhere in the RFP, all prices for items in Proposals shall be submitted Freight on Board (F.O.B.) Destination. Proposals submitted other than F.O.B. Destination may not be considered. Regardless of the method of quoting shipments, the Contractor shall assume all costs, liability and responsibility for the delivery of merchandise in good condition to the CSIT; and

- B. F.O.B. Destination does not cover “spotting” but does include delivery inside the CSIT unless otherwise specified. No additional charges will be allowed for any additional transportation costs resulting from partial shipments made at the Contractor’s convenience when a single shipment is ordered.

4.2.2.2 COLLECT ON DELIVERY (C.O.D.) TERMS

C.O.D. terms are not acceptable as part of a Proposal and will be cause for rejection of a Proposal.

4.2.2.3 PRICE ADJUSTMENT

Pricing shall remain firm throughout the term of the contract and any extensions, thereto.

4.2.3 REQUIRED COMPLIANCE DOCUMENTATION

Unless otherwise specified, forms must contain an original, physical signature, or an electronic signature pursuant to Section 1.3.6.2 of this RFP Solicitation.

SEE BELOW and PROPOSER’s CHECKLIST for Compliance Documentation required to be submitted WITH the Bid Proposal **(MANDATORY FORM WITH BID PROPOSAL)**. ALL other Compliance Documentation, not deemed “Mandatory Form With Bid Proposal”, are required prior to contract award; however, it is preferred and encouraged that Proposers submit ALL Compliance Documentation with the Bid Proposal, if possible. A Proposer who fails to submit requested information within seven (7) business days of a written request by the Authority and/or CSIT will be deemed non-responsive and will preclude the award of a contract to said Proposer.

4.2.3.1 SIGNATORY PAGE (MANDATORY FORM WITH BID PROPOSAL-SIGNED)

The Proposer shall complete and submit the Signatory Page accompanying this RFP. The Signatory Page **must include the signature** of an authorized representative of the Proposer. If the Proposer is a limited partnership, a Signatory Page must be signed by each general partner. Failure to comply will result in rejection of the Proposal as non-responsive and preclude the award of a contract to said Proposer.

Note: A Proposer’s written signature on the Signatory Page will NOT serve as a certifying signature on any other Mandatory Compliance forms required. Each mandatory compliance document must be individually signed.

4.2.3.2 OWNERSHIP DISCLOSURE FORM (MANDATORY FORM WITH BID PROPOSAL)

Pursuant to N.J.S.A. 52:25-24.2, in the event the Proposer is a corporation, partnership or sole proprietorship, the Proposer must complete an Ownership Disclosure Form. A current completed Ownership Disclosure Form must be received prior to or accompany the submitted Proposal. A Proposer’s failure to submit the completed form with its Proposal will result in the rejection of the Proposal as non-responsive and preclude the award of a contract to said Proposer. If any ownership change has occurred within the last six (6) months, a new Ownership Disclosure Form must be completed and submitted with the Proposal.

NOTE: If the Proposer is a partnership or a limited liability corporation, an Ownership Disclosure form must be completed by each general partner. Failure to comply may result in rejection of the Proposal.

4.2.3.3 DISCLOSURE OF INVESTMENT ACTIVITIES IN IRAN FORM

Pursuant to N.J.S.A. 52:32-58, the Proposer must utilize this Disclosure of Investment Activities in Iran form to certify that neither the Proposer, nor one of its parents, subsidiaries, and/or affiliates (as defined in N.J.S.A. 52:32-56(e)(3)), is listed on the Department of the Treasury's List of Persons or Entities Engaging in Prohibited Investment Activities in Iran and that neither the Proposer, nor one of its parents, subsidiaries, and/or affiliates, is involved in any of the investment activities set forth in N.J.S.A. 52:32-56(f). If the Proposer is unable to so certify, the Proposer shall provide a detailed and precise description of such activities as directed on the form. A Proposer's failure to submit the completed and signed form before contract award will be deemed non-responsive and preclude the award of a contract to said Proposer.

NOTE: If the Proposer is a partnership or a limited liability corporation partnership, each Disclosure of Investment Activities in Iran form must be signed by a general partner. Failure to comply may preclude the award of a contract.

4.2.3.4 DISCLOSURE OF INVESTIGATIONS AND OTHER ACTIONS INVOLVING BIDDER FORM

The Proposer must submit the Disclosure of Investigations and Other Actions Involving Bidder Form, prior to the award of a contract, to provide a detailed description of any investigation, litigation, including administrative complaints or other administrative proceedings, involving any public sector clients during the past five (5) years, including the nature and status of the investigation, and, for any litigation, the caption of the action, a brief description of the action, the date of inception, current status, and, if applicable, disposition. The Proposer's inclusion of the Disclosure of Investigations and Other Actions Involving Bidder form with the Proposal is requested and advised. If a Bidder does not submit the form with the Proposal, the Bidder must comply within seven (7) business days of a request by the Authority and/or CSIT or the Authority and/or CSIT may deem the Proposal non-responsive.

4.2.3.5 BUSINESS REGISTRATION CERTIFICATION (BRC)

In accordance with N.J.S.A. 52:32-44(b), a Proposer and its named Subcontractors must have a valid Business Registration Certificate ("BRC") issued by the Department of Treasury, Division of Revenue and Enterprise Services, prior to the award of a contract. To facilitate the Proposal evaluation and contract award process, it is requested and advised the Proposer should submit a copy of its valid BRC and those of any named Subcontractors with its Proposal.

A Proposer otherwise identified by the CSIT as a responsive and responsible Bidder, inclusive of any named Subcontractors, but that was not business registered at the time of submission of its Proposal must be so registered and in possession of a valid BRC by a deadline to be specified in writing by the Authority and/or CSIT. A Bidder who fails to comply with this requirement by the deadline specified by the Authority and/or CSIT will be deemed ineligible for contract award. Under any circumstance, the Authority and/or CSIT will rely upon information available from computerized systems maintained by the State as a basis to verify independently compliance with the requirement for business registration. <http://www.state.nj.us/treasury/revenue/busregcert.shtml>.

A Proposer receiving a contract award as a result of this procurement and any Subcontractors named by that Proposer will be required to maintain a valid business registration with the Division of Revenue and Enterprise Services for the duration of the executed contract, inclusive of any contract extensions.

Pursuant to N.J.S.A. 54:49-4.1, a business organization that fails to provide a copy of a business registration as required pursuant to section 1 of P.L. 2001, c.134 (N.J.S.A. 52:32-44 et al.) or subsection e. or f. of section 92 of P.L. 1977, c. 110 (N.J.S.A. 5:12-92), or that provides false information of business registration under the requirements of either those sections, shall be liable for a penalty of \$25 for each day off violation, not to exceed \$50,000 for each business registration copy not properly provided under a contract with a contracting agency or under a casino service industry enterprise contract.

4.2.3.6 SOURCE DISCLOSURE CERTIFICATION

Pursuant to N.J.S.A. 52:34-13.2, all of the CSIT's contracts shall be performed within the United States. Pursuant to the statutory requirements, prior to an award of a contract primarily for services, the intended Contractor of an CSIT contract must disclose the location by country where services, including subcontracted services, will be performed. The Proposer must complete and submit the Source Disclosure Form accompanying this RFP. The Proposer's inclusion of the completed Source Disclosure form with the Proposal is requested and advised. If a Proposer does not submit the form with the Proposal, the Proposer must comply within seven (7) business days of a request by the Authority and/or CSIT or the Authority and/or CSIT may deem the Proposal non-responsive.

If any of the services cannot be performed within the United States, the Proposer shall state with specificity the reasons why the services cannot be so performed. The CSIT shall determine whether sufficient justification has been provided by the Proposer to form the basis of his or her certification that the services cannot be performed in the United States.

The Source Disclosure Form is located on the Authority's website at <https://www.njeda.com/bidding/>.

4.2.3.6.1 BREACH OF CONTRACT

A SHIFT TO PROVISION OF SERVICES OUTSIDE THE UNITED STATES DURING THE TERM OF THE CONTRACT SHALL BE DEEMED A BREACH OF CONTRACT. If, during the term of the contract, the Contractor or Subcontractor, who had on contract award declared that services would be performed in the United States, proceeds to shift the performance of any of the services outside the United States, the Contractor shall be deemed to be in breach of its contract. Such contract shall be subject to termination for cause, unless such shift in performance was previously approved by the CSIT.

4.2.3.7 AFFIRMATIVE ACTION EMPLOYEE INFORMATION/EMPLOYEE INFORMATION REPORT

Prior to the award of a contract, the intended awardee must submit a copy of a New Jersey Certificate of Employee Information Report, or a copy of Federal Letter of Approval verifying it is operating under a federally approved or sanctioned Affirmative Action program. Intended awardee(s) not in possession of either a New Jersey Certificate of Employee Information Report or a Federal Letter of Approval must complete the Affirmative Action Employee Information Report (AA-302), by following its corresponding instructions for submission and payment by check, which are located at the Public Contracts website for Equal Employment Opportunity (EEO)/Affirmative Action (AA):

https://www.nj.gov/treasury/contract_compliance/index.shtml;

or alternatively, Vendors have an option for online submission and payment, following the electronic filing instructions at:

https://www.nj.gov/treasury/contract_compliance/index.shtml.

4.2.3.8 SMALL BUSINESS SET ASIDE

In accordance with the requirements of N.J.A.C. 17:13 and N.J.A.C. 17:14, as amended, the Authority and CSIT is required to develop a Set-Aside business plan for Small Business Enterprises (SBEs). The Authority and CSIT encourages the participation of SBE firms as registered with the New Jersey Department of Treasury, Division of Revenue and Enterprise Services – Business Services Bureau for the services subject to this RFP. Information regarding SBE registration and/or a Minority/Women Business Enterprise (MWBE), a Veteran-Owned Business (VOB) and/or a

Disabled Veteran-Owned Business Enterprise (DVOB) certification can be obtained by contacting the Office of Business Services at (609) 292-2146 or at their offices at 33 West State Street, PO Box 820, Trenton, NJ 08625-0820 or on-line, via the State's Business website at:

<https://www.njportal.com/DOR/SBERegistry/>

There are two (2) related forms listed in the RFP Proposer Checklist to be completed and submitted, prior to contract award. These forms include: Set Aside Information Form-Goods & Services and the Set-Aside Compliance Certificate-Goods & Services Contracts. The Proposer may submit the Proposer's Small Business Enterprise (SBE) Certificate, if applicable.

4.2.3.9 DISABLED VETERANS' BUSINESS SET-ASIDE

Pursuant to the Set-Aside provisions of N.J.S.A. 52:32-31 Disabled Veterans' Businesses are encouraged to submit a response. The Business must be registered as a qualifying Disabled Veterans' Business with the Division of Revenue and Enterprise Services, Small Business Registration and M/WBE Certification Services Unit by the date the Proposal is received and opened. Evidence that the Business has registered as a Disabled Veterans' Business should be submitted with the Proposal. Proposers should verify its Small, Minority, Veteran, Women and Disabled Veterans' Business Certification status. The Business should provide, as part of its response, proof of its current registration as a qualifying Disabled Veterans' Business with the New Jersey Division of Revenue and Enterprise Services, Small Business Registration and M/WBE Certification Services Unit. Information, registration requirements and application are available by contacting the agency at:

New Jersey Department of the Treasury
Division of Revenue and Enterprise Services
PO Box 455
Trenton, NJ 08646
Telephone: 609-292-2146

A downloadable paper application is available at:

<https://www.nj.gov/njbusiness/documents/contracting/DVOB%20Web%20Application.pdf>

**** IF THE BUSINESS HAS PREVIOUSLY REGISTERED OR BEEN CERTIFIED AS A DISABLED VETERANS' BUSINESS, THE VENDOR {BIDDER} SHOULD ENSURE IT IS REGISTERED AND THAT ITS REGISTRATION IS ACTIVE WITH THE DIVISION OF REVENUE AND ENTERPRISE SERVICES, SMALL BUSINESS REGISTRATION AND M/WBE CERTIFICATION SERVICES UNIT, PRIOR TO THE PROPOSAL OPENING DATE, TO BE ELIGIBLE FOR AWARD.**

4.2.3.10 REQUIREMENTS OF PUBLIC LAW 2005, CHAPTER 51, N.J.S.A. 19:44A-20.13 - N.J.S.A. 19:44A-20.25 (FORMERLY EXECUTIVE ORDER NO. 134) AND EXECUTIVE ORDER NO. 117 (2008).

a) The CSIT shall not enter into a contract to procure from any Business Entity services or any material, supplies or equipment, or to acquire, sell or lease any land or building, where the value of the transaction exceeds \$17,500, if that Business Entity has solicited or made any contribution of money, or pledge of contribution, including in-kind contributions, to a candidate committee and/or election fund of any candidate for or holder of the public office of Governor or Lieutenant Governor, to any State, county, municipal political party committee, or to any legislative leadership committee during certain specified time periods.

b) Prior to awarding any contract or agreement to any Business Entity, the Business Entity proposed as the intended awardee of the contract shall submit the Two-Year Chapter 51/Executive Order 117 Vendor Certification and Disclosure of Political Contributions form, certifying that no contributions prohibited by either Chapter 51 or Executive Order No. 117 have been made by the Business Entity

and reporting all qualifying contributions the Business Entity or any person or entity whose contributions are attributable to the Business Entity.

The required form and instructions shall be provided to the intended awardee for completion and submission. Upon receipt of a Notice of Intent to Award a Contract, the intended awardee shall submit to the Authority and/or CSIT, in care of the Internal Process Management Procurement department, the Certification and Disclosure(s) within five (5) business days of the Authority and/or CSIT's request. Failure to submit the required forms will preclude award of a contract under this RFP, as well as future contract opportunities. The form is also available at: <https://www.njeda.com/Bidding/>.

c) Further, the Contractor is required, on a continuing basis, to report any contributions it makes during the term of the contract, and any extension(s) thereof, at the time any such contribution is made.

4.2.3.11 POLITICAL CONTRIBUTION DISCLOSURE

The Contractor is advised of its responsibility to file an annual disclosure statement on political contributions with the New Jersey Election Law Enforcement Commission (ELEC), pursuant to N.J.S.A. 19:44A-20.27 (P.L. 2005, c. 271, 3 as amended) if in a calendar year the Contractor receives one (1) or more contracts valued at \$50,000.00 or more. It is the Contractor's responsibility to determine if filing is necessary. Failure to file can result in the imposition of penalties by ELEC. Additional information about this requirement is available from ELEC by calling 1(888) 313-3532 or on the internet at <https://www.elec.state.nj.us/>.

4.2.3.12 PUBLIC LAW 2018, CHAPTER 9 – DIANE B. ALLEN EQUAL PAY ACT

Effective July 1, 2018, Bidders and Contractors are advised that pursuant to the Diane B. Allen Equal Pay Act, (P.L. 2018, ch. 9), any employer entering into a contract with the State of New Jersey or an instrumentality of the State (such as the CSIT) providing "qualifying services" or "public works" within the meaning of that Act is required to file the report required therein, with the New Jersey Department of Labor and Workforce Development upon commencement of the contract. Information about the Act and the reporting requirement is available at: <https://nj.gov/labor/equalpay/equalpay.html>. Construction projects that are subject to the Prevailing Wage Act are affected by this statute (falling within the definition of "public work"). Additionally, any contract that the CSIT enters into for "services" imposes reporting requirements by awarded Bidders and contractors (falling within the definition of "qualifying services"). Information on the reporting requirement for such "qualifying services" is also available at: <https://nj.gov/labor/equalpay/equalpay.html>. **Goods/Products contracts are not impacted by the statute.**

4.2.3.13 NEW JERSEY STATE W-9

Prior to an award of a contract, the Contractor shall provide the Authority and/or CSIT with a properly completed New Jersey State W-9 form available at <https://www.njeda.com/bidding>.

4.2.3.14 INSURANCE CERTIFICATE(S)

Prior to the award of a contract, the Contractor shall provide the CSIT with current certificate(s) of insurance for all coverages required by the terms of this contract, naming the CSIT as an Additional Insured and specify the insurance certificate is identified with the unique contract awarded as a result of this RFP. Refer to Section 7 of the CSIT's Standard Contract, Exhibit A, accompanying this RFP.

4.2.3.15 SUBCONTRACTOR UTILIZATION PLAN

All Proposers intending to use a Subcontractor(s) must complete a Subcontractor Utilization Form, submitted with the Proposal, available at: <https://www.njeda.com/bidding/>.

If the Contract is a small business subcontracting set-aside, the Proposer certifies that in engaging Subcontractors and/or Subconsultants, it shall make a good faith effort to achieve the subcontracting set-aside goals, and shall attach to the Subcontractor Utilization Plan documentation of such efforts.

For a Proposal that does NOT include the use of Subcontractors and/or Subconsultants, by signing the Signatory Page, the Contractor is automatically certifying that in the event the award is granted to the Contractor's firm and the Contractor later determines at any time during the term of the Contract to engage Subcontractors and/or Subconsultants to provide certain goods and/or services, the Contractor shall submit a Subcontractor Utilization Form for approval by the CSIT in advance of any such engagement of Subcontractors and/or Subconsultants.

Please see the Proposer Checklist for additional information, which includes the Subcontractor Utilization Form.

4.2.3.16 BID SECURITY

NOT APPLICABLE.

4.2.3.17 CERTIFICATION FOR EO NO. 271 – COVID-19 VACCINE

NOT APPLICABLE.

4.2.3.18 CERTIFICATION OF NON-INVOLVEMENT IN PROHIBITED ACTIVITIES IN RUSSIA OR BELARUS PURSUANT TO P.L. 2022, C. 3

The certification of non-involvement is required to comply with P.L. 2022, c.3, which was signed by Governor Murphy on March 9, 2022, and prohibits government dealings with businesses associated with Belarus or Russia.

Under the new law, "engaged in prohibited activities in Russia or Belarus" means (1) companies in which the Government of Russia or Belarus has any direct equity share; (2) having any business operations commencing after March 9, 2022 that involve contracts with or the provision of goods or services to the Government of Russia or Belarus; (3) being headquartered in Russia or having its principal place of business in Russia or Belarus, or (4) supporting, assisting, or facilitating the Government of Russia or Belarus in their campaigns to invade the sovereign country of Ukraine, either through in-kind support or for profit. The full text of the new law is available on the Legislature's webpage at: https://www.njleg.state.nj.us/Bills/2022/A3500/3090_I1.HTM

A Proposer's failure to submit the completed and signed form before contract award will be deemed non-responsive and preclude the award of a contract to said Proposer.

NOTE: If the Proposer is a partnership or a limited liability corporation partnership, each Disclosure of Investment Activities in Russia and Belarus form must be signed by a general partner. Failure to comply may preclude the award of a contract.

5.0 SPECIAL CONTRACTUAL TERMS AND CONDITIONS

5.1 PRECEDENCE OF SPECIAL CONTRACTUAL TERMS AND CONDITIONS

The contract awarded as a result of this RFP shall consist of this RFP, addenda to this RFP, the Proposer's Proposal, any best and final offer and the CSIT's Contract for Professional Services-Exhibit A.

Unless specifically stated within this RFP, any Special Contractual Terms and Conditions of the RFP take precedence over the CSIT's Standard Contract – Exhibit A, accompanying this RFP.

In the event of a conflict between the provisions of this RFP, including the CSIT's Standard Contract – Exhibit A, and any addendum to this RFP, the addendum shall govern.

In the event of a conflict between the provisions of this RFP, including any addendum to this RFP, or the CSIT's Contract for Professional Services – Exhibit A and the Proposer's Proposal, the RFP and/or the addendum and the CSIT's Contract for Professional Services – Exhibit A shall govern.

5.2 CONTRACT TERM AND EXTENSION OPTION

The term of the contract shall be for two (2) years with the possibility of three (3), one (1) year extension options, which is at the sole discretion of the CSIT and dependent upon funding, at the same terms, conditions, and pricing in effect during the contract term or rates more favorable to the CSIT. An annual percentage price escalator may be in effect for the extension options if indicated by the Proposer in their Fee Schedule submitted for this solicitation.

5.3 CONTRACT TRANSITION

In the event that a new contract has not been awarded prior to the contract expiration date, as may be extended herein, the CSIT reserves the right, in its sole discretion, to extend the Agreement on a month-to-month basis beyond the expiration or termination, until a replacement Contractor is engaged to provide the requisite services. It shall be incumbent upon the Contractor to continue the contract under the same terms and conditions until a new contract can be completely operational. At no time shall this transition period extend more than 180 days beyond the expiration date of this Agreement, including any extensions exercised.

5.4 CONTRACT AMENDMENT

Any changes or modifications to the terms of the contract shall be valid only when they have been reduced to writing and signed by both the CSIT's designated representative and the Contractor.

5.5 CONTRACTOR RESPONSIBILITIES

The Contractor shall have sole responsibility for the complete effort specified in the contract. If the RFP permits subcontracting, payment will be made only to the Contractor. The Contractor shall have sole responsibility for all payments due any Subcontractor.

The Contractor is responsible for the professional quality, technical accuracy and timely completion and submission of all deliverables, services or commodities required to be provided under the contract. The Contractor shall, without additional compensation, correct or revise any errors, omissions, or other deficiencies in its deliverables and other services. The approval of deliverables furnished under this contract shall not in any way relieve the Contractor of responsibility for the technical adequacy of its work. The review, approval, acceptance or payment for any of the services

shall not be construed as a waiver of any rights that the CSIT may have arising out of the Contractor's performance of this contract.

5.6 SUBSTITUTION OF STAFF

The Contractor shall forward all requests to substitute staff to the CSIT for consideration and approval. The request may be as simple as naming an alternate/back-up individual for each position / individual identified in the Proposer's organization chart which is designated to perform work against the resulting contract. No substitute personnel are authorized to begin work until the Contractor has received written approval to proceed from the CSIT's Designated Contract Manager.

If it becomes necessary for the Contractor to substitute any management, supervisory or key personnel, the Contractor shall identify the substitute personnel and the work to be performed. The Contractor must provide detailed justification documenting the necessity for the substitution. Resumes must be submitted evidencing that the individual(s) proposed as substitute(s) have qualifications and experience equal to or better than the individual(s) originally proposed or currently assigned. No substitute personnel are authorized to begin work until the Contractor has received verbal/written approval to proceed from the CSIT's Designated Contract Manager.

The CSIT reserves the right, in its sole discretion, to recommend and make changes to the Contractor's overall approach to address these advisory needs, if deemed necessary. For instance, the CSIT's Designated Contract Manager may determine that the Contractor's staff employee assigned to perform the requisite services may not be meeting the acceptable levels of performance and a replacement staff employee is needed to better meet the needs of the CSIT.

5.7 SUBSTITUTION OR ADDITION OF SUBCONTRACTOR(S)/SUBCONSULTANT(S)

The Contractor shall forward a written request to substitute or add a Subcontractor/Subconsultant or to substitute its own staff for a Subcontractor/Subconsultant to the CSIT's Designated Contract Manager for consideration. If the Designated Contract Manager approves the request, the Designated Contract Manager will forward the request to the IPM Procurement Department for final approval. No substituted or additional Subcontractor(s)/Subconsultant(s) are authorized to begin work until the Contractor has received written approval from the IPM Procurement Department.

If it becomes necessary for the Contractor to substitute a Subcontractor/Subconsultant, add a Subcontractor/Subconsultant, or substitute its own staff for a Subcontractor/Subconsultant, the Contractor will identify the proposed new Subcontractor/Subconsultant or staff member(s) and the work to be performed. The Contractor must provide detailed justification documenting the necessity for the substitution or addition.

The Contractor must provide detailed resumes of its proposed replacement staff or of the proposed Subcontractor's/Subconsultant's management, supervisory, and other key personnel that demonstrate knowledge, ability and experience relevant to that part of the work which the Subcontractor/Subconsultant is to undertake.

The qualifications and experience of the replacement(s) must equal or exceed those of similar personnel proposed by the Contractor in its Proposal.

5.8 OWNERSHIP OF MATERIAL

All data, technical information, materials gathered, originated, developed, prepared, used or obtained in the performance of the contract, including, but not limited to, all reports, surveys, plans, charts, literature, brochures, mailings, recordings (video and/or audio), pictures, drawings, analyses, graphic representations, software computer programs and accompanying documentation and print-outs, notes and memoranda, written procedures and documents, regardless of the state

of completion, which are prepared for or are a result of the services required under this contract shall be and remain the property of the CSIT and shall be delivered to the CSIT upon thirty (30) Days' notice by the CSIT. With respect to software computer programs and/or source codes developed for the CSIT, except those modifications or adaptations made to the Proposer's or Contractor's Background IP as defined below, the work shall be considered "work for hire", i.e., the CSIT, not the Contractor or Subcontractor, shall have full and complete ownership of all software computer programs and/or source codes developed. To the extent that any of such materials may not, by operation of the law, be a work made for hire in accordance with the terms of this Contract, Contractor or Subcontractor hereby assigns to the CSIT all right, title and interest in and to any such material, and the CSIT shall have the right to obtain and hold in its own name and copyrights, registrations and any other proprietary rights that may be available.

Should the Proposer anticipate bringing pre-existing intellectual property into a work-for-hire, the intellectual property must be identified in the Proposal. Otherwise, the language in the first paragraph of this section prevails. If the Proposer identifies such intellectual property ("Background IP") in its Proposal, then the Background IP owned by the Proposer on the date of the contract, as well as any modifications or adaptations thereto, remain the property of the Proposer. Upon contract award, the Proposer or Contractor shall grant the CSIT a nonexclusive, perpetual royalty free license to use any of the Proposer's/Contractor's Background IP delivered to the CSIT for the purposes contemplated by the contract.

5.9 SECURITY AND CONFIDENTIALITY

5.9.1 DATA CONFIDENTIALITY

All financial, statistical, personnel, customer and/or technical data supplied by the CSIT to the Contractor are confidential (CSIT Confidential Information). The Contractor must secure all data from manipulation, sabotage, theft or breach of confidentiality. The Contractor is prohibited from releasing any financial, statistical, personnel, customer and/or technical data supplied by the CSIT that is deemed confidential. Any use, sale, or offering of this data in any form by the Contractor, or any individual or entity in the Contractor's charge or employ, will be considered a violation of this Contract and may result in Contract termination and the Contractor's suspension or debarment from CSIT contracting. In addition, such conduct may be reported to the State Attorney General for possible criminal prosecution.

The Contractor shall assume total financial liability incurred by the Contractor associated with any breach of confidentiality.

When requested, the Contractor and all project staff including its Subcontractor(s) must complete and sign confidentiality and non-disclosure agreements provided by the CSIT. The Contractor may be required to view yearly security awareness and confidentiality training modules, or other training methods provided by the CSIT. Where required, it shall be the Contractor's responsibility to ensure that any new staff sign the confidentiality agreement and complete the security awareness and confidentiality training modules within one month of the employees' start date.

The CSIT reserves the right to obtain, or require the Contractor to obtain, at the Contractor's expense, criminal history background checks from the New Jersey State Police for all Contractor and project staff (to protect the CSIT from losses resulting from Contractor employee theft, fraud or dishonesty). If the CSIT exercises this right, the results of the background check(s) must be made available to the CSIT for consideration before the employee is assigned to work on the CSIT's project. Prospective employees with positive criminal backgrounds for cyber-crimes will not be approved to work on CSIT Projects. Refer to the National Institute of Standards and Technology (NIST) Special Publication (SP) 800-12, An Introduction to Computer Security: The NIST Handbook, Section 10.1.3, Filling the Position – Screening and Selecting.

5.9.1.1 CONTRACTOR'S CONFIDENTIAL INFORMATION

- A. The obligations of the CSIT under this provision are subject to the New Jersey Open Public Records Act ("OPRA"), N.J.S.A. 47:1A-1 et seq., the New Jersey common law right to know, and any other lawful document request or subpoena;
- B. By virtue of this contract, the parties may have access to information that is confidential to one another. The parties agree to disclose to each other only information that is required for the performance of their obligations under this contract. Contractor's Confidential Information, to the extent not expressly prohibited by law, shall consist of all information clearly identified as confidential at the time of disclosure and anything identified in Contractor's Proposal as Background IP ("Contractor Confidential Information"). Notwithstanding the previous sentence, the terms and pricing of this contract are subject to disclosure under OPRA, the common law right to know, and any other lawful document request or subpoena;
- C. A party's Confidential Information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d) is independently developed by the other party;
- D. The CSIT agrees to hold Contractor's Confidential Information in confidence, using at least the same degree of care used to protect its own Confidential Information;
- E. In the event that the CSIT receives a request for Contractor Confidential Information related to this contract pursuant to a court order, subpoena, or other operation of law, the CSIT agrees, if permitted by law, to provide Contractor with as much notice, in writing, as is reasonably practicable and the CSIT's intended response to such order of law. Contractor shall take any action it deems appropriate to protect its documents and/or information;
- F. In addition, in the event Contractor receives a request for CSIT Confidential Information pursuant to a court order, subpoena, or other operation of law, Contractor shall, if permitted by law, provide the CSIT with as much notice, in writing, as is reasonably practicable and Contractor's intended response to such order of law. The CSIT shall take any action it deems appropriate to protect its documents and/or information; and
- G. Notwithstanding the requirements of nondisclosure described in these Sections 5.9.1 and 5.9.1.1, either party may release the other party's Confidential Information (i) if directed to do so by a court or arbitrator of competent jurisdiction, (ii) pursuant to a lawfully issued subpoena or other lawful document request, (iii) in the case of the CSIT, if the CSIT determines the documents or information are subject to disclosure and Contractor does not exercise its rights as described in Section 5.9.1.1(E), or if Contractor is unsuccessful in defending its rights as described in Section 5.9.1.1(E), or (iv) in the case of Contractor, if Contractor determines the documents or information are subject to disclosure and the CSIT does not exercise its rights described in Section 5.9.1.1(F), or if the CSIT is unsuccessful in defending its rights as described in Section 5.9.1.1(F).

5.9.2 DATA SECURITY STANDARDS

Data Security: The Contractor at a minimum must protect and maintain the security of data traveling its network in accordance with generally accepted industry practices.

- A. Any Personally Identifiable Information must be protected. All data must be classified in accordance with the State's Asset Classification and Control policy, 08-04-NJOIT at

<https://www.state.nj.us/it/whatwedo/policylibrary/>. Additionally, data must be disposed of in accordance with the State's Information Disposal and Media Sanitation policy, 09-10-NJOIT at <https://www.state.nj.us/it/whatwedo/policylibrary/>; and

- B. Data usage, storage, and protection is subject to all applicable federal and state statutory and regulatory requirements, as amended from time to time, including, without limitation, those for Health Insurance Portability and Accountability Act of 1996 (HIPAA), Personally Identifiable Information (PII), Tax Information Security Guidelines for Federal, State, and Local Agencies (IRS Publication 1075), New Jersey State tax confidentiality statute, N.J.S.A. 54:50-8, New Jersey Identity Theft Prevention Act, N.J.S.A. 56:11-44 et seq., the federal Drivers' Privacy Protection Act of 1994, Pub.L.103-322, and the confidentiality requirements of N.J.S.A. 39:2-3.4. Contractor must also conform to Payment Card Industry (PCI) Data Security Standard;

Data Transmission: The Contractor must only transmit or exchange State of New Jersey data with other parties when expressly requested in writing and permitted by and in accordance with requirements of the State of New Jersey. The Contractor must only transmit or exchange data with the State of New Jersey or other parties through secure means supported by current technologies. The Contractor must encrypt all data defined as personally identifiable or confidential by the State of New Jersey or applicable law, regulation or standard during any transmission or exchange of that data.

Data Storage: All data provided by the State of New Jersey or State data obtained by the Contractor in the performance of the contract must be stored, processed, and maintained solely in accordance with a project plan and system topology approved by the Designated Contract Manager. No State data shall be processed on or transferred to any device or storage medium including portable media, smart devices and/or USB devices, unless that device or storage medium has been approved in advance in writing by the Designated Contract Manager. The Contractor must encrypt all data at rest defined as personally identifiable information by the State of New Jersey or applicable law, regulation or standard. The Contractor must not store or transfer State of New Jersey data outside of the United States.

Data Scope: All provisions applicable to State data include data in any form of transmission or storage, including but not limited to: database files, text files, backup files, log files, XML files, and printed copies of the data.

Data Re-Use: All State data must be used expressly and solely for the purposes enumerated in the Contract. Data must not be distributed, repurposed or shared across other applications, environments, or business units of the Contractor. No State data of any kind must be transmitted, exchanged or otherwise passed to other Contractors or interested parties except on a case-by-case basis as specifically agreed to in writing by the Designated Contract Manager.

Data Breach: Unauthorized Release Notification: The Contractor must comply with all applicable State and Federal laws that require the notification of individuals in the event of unauthorized release of personally identifiable information or other event requiring notification. In the event of a breach of any of the Contractor's security obligations or other event requiring notification under applicable law ("Notification Event"), the Contractor must assume responsibility for informing the Designated Contract Manager within 24 hours and all such individuals in accordance with applicable law and to indemnify, hold harmless and defend the State of New Jersey, its officials, and employees from and against any claims, damages, or other harm related to such Notification Event. All communications must be coordinated with the State of New Jersey.

End of Contract Handling: Upon termination/expiration of this contract the Contractor must first return all State data to the State in a usable format as defined in the RFP, or in an open standards machine-readable format if not. The Contractor must then erase, destroy, and render unreadable all Contractor copies of State data according to the standards enumerated in accordance with the

State's most recent Information Disposal and Media Sanitation policy, currently the 09-10-NJOIT form at <https://www.state.nj.us/it/whatwedo/policylibrary/> and certify in writing that these actions have been completed within 30 days after the termination/expiration of the Contractor within seven (7) days of the request of an agent of the State whichever shall come first.

5.9.3 SECURITY PLAN

The Contractor should provide a security plan that, at a minimum, conforms to the policies and standards contained in this RFP.

Security plan should address administrative, physical, and technical security controls, along with the privacy safeguards that are to be implemented as they relate to the scope of the engagement and the broader Contractor's information security program. The control areas that should be addressed include:

A. INFORMATION SECURITY PROGRAM MANAGEMENT (PM)

The Contractor establishes and maintains a framework to provide assurance that information security strategies are aligned with and support business objectives, are consistent with applicable laws and regulations through adherence to policies and internal controls, and provide assignment of responsibility in an effort to manage risk. Information security program management includes but is not limited to the following:

1. Establishment of a management structure and responsibility for information security;
2. Creation, maintenance, and communication of information security policies, standards, procedures, and guidelines to include the control areas;
3. Development and maintenance of relationships with external organizations to stay abreast of current and emerging security issues and for assistance, when applicable; and
4. Independent review of the effectiveness of the Contractor's information security program.

B. COMPLIANCE

The Contractor develops, implements, and governs processes to ensure its compliance with all applicable statutory, regulatory, contractual, and internal policy obligations.

1. The Contractor designates an individual or individuals responsible for maintaining a control framework that captures statutory, regulatory, contractual, and policy requirements relevant to the organization's programs of work and information systems;
2. The Contractor implements processes to ensure security assessments of information systems are conducted for all significant development and/or acquisitions, prior to information systems being placed into production; and
3. The Contractor conducts periodic reviews of their information systems on a defined frequency for compliance with statutory, regulatory, and contractual requirements and documents the results of the reviews.

C. PERSONNEL SECURITY (PS)

The Contractor implements processes to ensure all personnel have the appropriate background, skills, and training to perform their job responsibilities in a competent, professional, and secure manner. Workforce security controls include but are not limited to:

1. To the extent permitted by law, employment screening checks are conducted and successfully passed for all personnel prior to beginning work or being granted access to information assets;
2. Rules of behavior are established and procedures are implemented to ensure personnel are aware of and understand usage policies applicable to information and information systems;
3. Access reviews are conducted upon personnel transfers and promotions to ensure access levels are appropriate;
4. Contractor disables system access for terminated personnel and collects all organization owned assets prior to the individual's departure; and
5. Procedures are implemented that ensure all personnel are aware of their duty to protect information assets and their responsibility to immediately report any suspected information security incidents.

D. SECURITY AWARENESS AND TRAINING (AW)

The Contractor provides information security awareness and training to ensure employees are aware of information security risks and threats, understand their responsibilities, and are aware of the statutory, regulatory, contractual, and policy requirements that are intended to protect information systems and information from a loss of confidentiality, integrity, availability and privacy. Security awareness and training includes but is not limited to:

1. Employees are provided with security awareness training upon hire and at least annually, thereafter;
2. Security awareness training records are maintained as part of the employee's personnel record;
3. Role-based security training is provided to individuals with respect to their duties or responsibilities (e.g. network and systems administrators require specific security training in accordance with their job functions); and
4. Individuals are provided with timely information regarding emerging threats, best practices, and new policies, laws, and regulations related to information security.

E. RISK MANAGEMENT (RM)

F. PRIVACY (PM)

The Contractor establishes appropriate processes and safeguards necessary to protect Personally Identifiable Information (PII) that the Contractor may collect, store, process, use, or transmit. Privacy controls and processes include but are not limited to:

1. Ensuring the collection and storing of only the minimum amount of PII necessary to carry out the business function and in accordance with applicable laws and regulation;

2. Safeguarding PII through the implementation administrative, physical, and technical controls (e.g. access controls, encryption and tokenization, etc.); and
3. Securely deleting PII when no longer necessary for business or legal purposes.

G. SECURITY CATEGORIZATION (SC)

The Contractor implements processes that classify information and categorize information systems throughout their lifecycles according to their sensitivity and criticality, along with the risks and impact should there be a loss of confidentiality, integrity, availability, or privacy. Information classification and system categorization includes labeling and handling requirements. Security categorization controls include but are not limited to the following:

1. Implementing a data protection policy;
2. Classifying data and information systems in accordance with their sensitivity and criticality;
3. Masking sensitive data that is displayed or printed; and
4. Implementing handling and labeling procedures.

H. MEDIA PROTECTION (MP)

The Contractor establishes controls to ensure data and information, in all forms and mediums, are protected throughout their lifecycles based on their sensitivity, value, and criticality, and the impact that a loss of confidentiality, integrity, availability, and privacy would have on the Contractor, business partners, or individuals. Media protections include but are not limited to:

1. Media storage/access/transportation;
2. Maintenance of sensitive data inventories;
3. Application of cryptographic protections;
4. Restricting the use of portable storage devices;
5. Establishing records retention requirements in accordance with business objectives and statutory and regulatory obligations; and
6. Media disposal/sanitization.

I. CRYPTOGRAPHIC PROTECTIONS (CR)

The Contractor employs cryptographic safeguards to protect sensitive information in transmission, in use, and at rest, from a loss of confidentiality, unauthorized access, or disclosure. Cryptographic protections include but are not limited to:

1. Using industry standard encryption algorithms;
2. Establishing requirements for encryption of data in transit;
3. Establishing requirements for encryption of data at rest; and
4. Implementing cryptographic key management processes and controls.

J. ACCESS MANAGEMENT (AC)

The Contractor establishes security requirements and ensures appropriate mechanisms are provided for the control, administration, and tracking of access to, and the use of, the Contractor's information systems. Access management includes but are not limited to:

1. Ensuring the principle of least privilege is applied for specific duties and information systems (including specific functions, ports, protocols, and services), so processes operate at privilege levels no higher than necessary to accomplish required organizational missions and/or functions;
2. Implementing account management processes for registration, updates, changes and de-provisioning of system access;
3. Applying the principles of least privilege when provisioning access to organizational assets;
4. Provisioning access according to an individual's role and business requirements for such access;
5. Implementing the concept of segregation of duties by disseminating tasks and associated privileges for specific sensitive duties among multiple people; and
6. Conducting periodic reviews of access authorizations and controls.

K. IDENTITY AND AUTHENTICATION (IA)

The Contractor establishes procedures and implements identification, authorization, and authentication controls to ensure only authorized individuals, systems, and processes can access the Contractor's information and information systems. Identity and authentication provides a level of assurance that individuals who log into a system are who they say they are. Identity and authentication controls include but are not limited to:

1. Establishing and managing unique identifiers (e.g. User-IDs) and secure authenticators (e.g. passwords, biometrics, personal identification numbers, etc.) to support nonrepudiation of activities by users or processes; and
2. Implementing Multi-Factor Authentication (MFA) requirements for access to sensitive and critical systems, and for remote access to the Contractor's systems.

L. REMOTE ACCESS (RA)

The Contractor strictly controls remote access to the Contractor's internal networks, systems, applications, and services. Appropriate authorizations and technical security controls are implemented prior to remote access being established. Remote access controls include but are not limited to:

1. Establishing centralized management of the Contractor's remote access infrastructure;
2. Implementing technical security controls (e.g. encryption, multi-factor authentication, IP whitelisting, geo-fencing); and
3. Training users in regard to information security risks and best practices related remote access use.

M. SECURITY ENGINEERING AND ARCHITECTURE (SE)

The Contractor employs security engineering and architecture principles for all information technology assets, such that they incorporate industry recognized leading security practices and address applicable statutory and regulatory obligations. Applying security engineering and architecture principles includes but is not limited to the following:

1. Implementing configuration standards that are consistent with industry-accepted system hardening standards and address known security vulnerabilities for all system components; and
2. Establishing a defense in-depth security posture that includes layered technical, administrative, and physical controls;
3. Incorporating security requirements into the systems throughout their life cycles;
4. Delineating physical and logical security boundaries;
5. Tailoring security controls to meet organizational and operational needs;
6. Performing threat modeling to identify use cases, threat agents, attack vectors, and attack patterns as well as compensating controls and design patterns needed to mitigate risk;
7. Implementing controls and procedures to ensure critical systems fail-secure and fail-safe in known states; and
8. Ensuring information system clock synchronization.

N. CONFIGURATION MANAGEMENT (CM)

The Contractor ensures that baseline configuration settings are established and maintained in order to protect the confidentiality, integrity, and availability of all information technology assets. Secure configuration management includes but is not limited to:

1. Hardening systems through baseline configurations; and
2. Configuring systems in accordance with the principle of least privilege to ensure processes operate at privilege levels no higher than necessary to accomplish required functions.

O. ENDPOINT SECURITY (ES)

The Contractor ensures that endpoint devices are properly configured, and measures are implemented to protect information and information systems from a loss of confidentiality, integrity, and availability. Endpoint security includes but is not limited to:

1. Maintaining an accurate and updated inventory of endpoint devices;
2. Applying security categorizations and implementing commensurate safeguard on endpoints;
3. Maintaining currency with operating system and software updates and patches;

4. Establishing physical and logical access controls;
5. Applying data protection measures (e.g. cryptographic protections);
6. Implementing anti-malware software, host-based firewalls, and port and device controls;
7. Implementing host intrusion detection and prevention systems (HIDS/HIPS) where applicable;
8. Restricting access and/or use of ports and I/O devices; and
9. Ensuring audit logging is implemented and logs are reviewed on a continuous basis.

P. INTERNET OF THINGS SECURITY (IT)

The Contractor implements controls and processes to ensure risks are accounted for and managed in the use of Internet of Things (IoT) devices including, but not limited to, physical devices, vehicles, appliances and other items embedded with electronics, software, sensors, actuators, and network connectivity which enables these devices to connect and exchange data. IoT security includes but is not limited to the following:

1. Developing policies and standards specific to IoT assets;
2. Ensuring the secure configuration of IoT assets;
3. Conducting risk assessments prior to implementation and throughout the lifecycles of IoT assets;
4. Segmenting IoT networks from the rest of the Contractor's networks; and
5. Ensuring least privilege and strong authentication controls are implemented.

Q. MOBILE DEVICE SECURITY (MD)

The Contractor establishes administrative, technical, and physical security controls required to effectively manage the risks introduced by mobile devices used for organizational business purposes. Mobile device security includes but is not limited to the following:

1. Establishing requirements for authorization to use mobile devices for organizational business purposes;
2. Establishing Bring Your Own Device (BYOD) processes and restrictions;
3. Establishing physical and logical access controls;
4. Implementing network access restrictions for mobile devices;
5. Implementing mobile device management solutions to provide centralized management of mobile devices and to ensure technical security controls (e.g. encryption, authentication, remote-wipe, etc.) are implemented and updated as necessary;
6. Establishing approved application stores from which applications can be acquired;

7. Establishing lists approved applications that can be used; and
8. Training of mobile device users regarding security and safety.

R. NETWORK SECURITY (NS)

The Contractor implements defense-in-depth and least privilege strategies for securing the information technology networks that they operate. To ensure information technology resources are available to authorized network clients and protected from unauthorized access, the Contractor must:

1. Include protection mechanisms for network communications and infrastructure (e.g. layered defenses, denial of service protection, encryption for data in transit, etc.);
2. Include protection mechanisms for network boundaries (e.g. limit network access points, implement firewalls, use Internet proxies, restrict split tunneling, etc.);
3. Control the flow of information (e.g. deny traffic by default/allow by exception, implement Access Control Lists, etc.); and
4. Control access to the Contractor's information systems (e.g. network segmentation, network intrusion detection and prevention systems, wireless restrictions, etc.).

S. CLOUD SECURITY (CL)

The Contractor establishes security requirements that govern the use of private, public, and hybrid cloud environments to ensure risks associated with a potential loss of confidentiality, integrity, availability, and privacy are managed. This includes but is not limited to ensuring the following:

1. Security is accounted for in the acquisition and development of cloud services;
2. The design, configuration, and implementation of cloud-based applications, infrastructure and system-system interfaces are conducted in accordance with mutually agreed-upon service, security, and capacity-level expectations;
3. Security roles and responsibilities for the Contractor and the cloud provider are delineated and documented; and
4. Controls necessary to protect sensitive data in public cloud environments are implemented.

T. MAINTENANCE (MA)

The Contractor implements processes and controls to ensure that information assets are properly maintained, thereby minimizing the risks from emerging information security threats and/or the potential loss of confidentiality, integrity, or availability due to system failures. Maintenance security includes but is not limited to the following:

1. Conducting scheduled and timely maintenance;
2. Ensuring individuals conducting maintenance operations are qualified and trustworthy; and
3. Vetting, escorting and monitoring third-parties conducting maintenance operations on information technology assets.

U. THREAT MANAGEMENT (TM)

The Contractor establishes a formalized mechanism to collect and disseminate actionable threat intelligence, thereby providing component units and individuals with the information necessary to effectively manage risk associated with new and emerging threats to the organization's information technology assets and operations.

V. VULNERABILITY AND PATCH MANAGEMENT (VU)

The Contractor implements proactive vulnerability identification, remediation, and patch management practices to minimize the risk of a loss of confidentiality, integrity, and availability of information system, networks, components, and applications. Vulnerability and patch management practices include but are not limited to the following:

1. Prioritizing vulnerability scanning and remediation activities based on the criticality and security categorization of systems and information, and the risks associated with a loss of confidentiality, integrity, availability, and/or privacy;
2. Maintaining software and operating systems at the latest vendor-supported patch levels;
3. Conducting penetration testing and red team exercises; and
4. Employing qualified third-parties to conduct independent vulnerability scanning, penetration testing, and red-team exercises.

W. CONTINUOUS MONITORING (CM)

The Contractor implements continuous monitoring practices to establish and maintain situational awareness regarding potential threats to the confidentiality, integrity, availability, privacy and safety of information and information systems through timely collection and review of security-related event logs. Continuous monitoring practices include but are not limited to the following:

1. Centralizing the collection and monitoring of event logs;
2. Ensuring the content of audit records includes all relevant security event information;
3. Protecting of audit records from tampering; and
4. Detecting, investigating, and responding to incidents discovered through monitoring.

X. SYSTEM DEVELOPMENT AND ACQUISITION (SA)

The Contractor establishes security requirements necessary to ensure that systems and application software programs developed by the Contractor or third-parties (e.g. Vendors, Contractors, etc.) perform as intended to maintain information confidentiality, integrity, and availability, and the privacy and safety of individuals. System development and acquisition security practices include but are not limited to the following:

1. Secure coding;
2. Separation of development, testing, and operational environments;

3. Information input restrictions;
4. Input data validation;
5. Error handling;
6. Security testing throughout development;
7. Restrictions for access to program source code; and
8. Security training of software developers and system implementers.

Y. PROJECT AND RESOURCE MANAGEMENT (PM)

The Contractor ensures that controls necessary to appropriately manage risks are accounted for and implemented throughout the System Development Life Cycle (SDLC). Project and resource management security practices include but are not limited to:

1. Defining and implementing security requirements;
2. Allocating resources required to protect systems and information; and
3. Ensuring security requirements are accounted for throughout the SDLC.

Z. CAPACITY AND PERFORMANCE MANAGEMENT (CA)

The Contractor implements processes and controls necessary to protect against avoidable impacts to operations by proactively managing the capacity and performance of its critical technologies and supporting infrastructure. Capacity and performance management practices include but are not limited to the following:

1. Ensuring the availability, quality, and adequate capacity of compute, storage, memory and network resources are planned, prepared, and measured to deliver the required system performance and future capacity requirements; and
2. Implementing resource priority controls to prevent or limit Denial of Service (DoS) effectiveness.

AA. THIRD PARTY MANAGEMENT (TP)

The Contractor implements processes and controls to ensure that risks associated with third-parties (e.g. Vendors, Contractors, business partners, etc.) providing information technology equipment, software, and/or services are minimized or avoided. Third party management processes and controls include but are not limited to:

1. Tailored acquisition strategies, contracting tools, and procurement methods for the purchase of systems, system components, or system service from suppliers;
2. Due diligence security reviews of suppliers and third parties with access to the Contractor's systems and sensitive information;
3. Third party interconnection security; and
4. Independent testing and security assessments of supplier technologies and supplier organizations.

BB. PHYSICAL AND ENVIRONMENTAL SECURITY (PE)

The Contractor establishes physical and environmental protection procedures that limit access to systems, equipment, and the respective operating environments, to only authorized individuals. The Contractor ensures appropriate environmental controls in facilities containing information systems and assets, to ensure sufficient environmental conditions exist to avoid preventable hardware failures and service interruptions. Physical and environmental controls include but are not limited to the following:

1. Physical access controls (e.g. locks, security gates and guards, etc.);
2. Visitor controls;
3. Security monitoring and auditing of physical access;
4. Emergency shutoff;
5. Emergency power;
6. Emergency lighting;
7. Fire protection;
8. Temperature and humidity controls;
9. Water damage protection; and
10. Delivery and removal of information assets controls.

CC. CONTINGENCY PLANNING (CP)

The Contractor develops, implements, tests, and maintains contingency plans to ensure continuity of operations for all information systems that deliver or support essential or critical business functions on behalf of the Contractor. Contingency planning includes but is not limited to:

1. Backup and recovery strategies;
2. Continuity of operations plans;
3. Disaster recovery plans; and
4. Crisis management plans.

DD. INCIDENT RESPONSE (IR)

The Contractor maintains an information security incident response capability that includes adequate preparation, detection, analysis, containment, recovery, and reporting activities. Information security incident response activities includes the following:

1. Information security incident reporting awareness;
2. Incident response planning and handling;
3. Establishment of an incident response team;

4. Cybersecurity insurance;
5. Contracts with external incident response services specialists; and
6. Contacts with law enforcement cybersecurity units.

The Contractor shall disclose to the CSIT a description of their roles and responsibilities related to electronic discovery, litigation holds, discovery searches, and expert testimonies. The Contractor shall disclose its process for responding to subpoenas, service of process, and other legal requests.

5.10 NEWS RELEASES

The Contractor is not permitted to issue news releases pertaining to any aspect of the services being provided under this contract without the prior written consent of the CSIT.

5.11 ADVERTISING

The Contractor shall not use the Authority and CSIT's name, logos, images, or any data or results arising from this contract as a part of any commercial advertising without first obtaining the prior written consent of the Authority and CSIT.

5.12 LICENSES AND PERMITS

The Contractor shall obtain and maintain in full force and effect all required licenses, permits, and authorizations necessary to perform this contract. The Contractor shall supply the CSIT with evidence of all such licenses, permits and authorizations. This evidence shall be submitted subsequent to the contract award. All costs associated with any such licenses, permits and authorizations must be considered by the Proposer in its Proposal.

5.13 CLAIMS AND REMEDIES

5.13.1 CLAIMS

All claims asserted against the CSIT by the Contractor shall be subject to the New Jersey Tort Claims Act, N.J.S.A. 59:1-1, et seq. and/or the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1, et seq.

5.13.2 REMEDIES

Nothing in the contract shall be construed to be a waiver by the CSIT of any warranty, expressed or implied, of any remedy at law or equity, except as specifically and expressly stated in a writing executed by the Chief Executive Officer (CEO).

5.13.3 REMEDIES FOR FAILURE TO COMPLY WITH MATERIAL CONTRACT REQUIREMENTS

In the event that the Contractor fails to comply with any material contract requirements, the CSIT may take steps to terminate the contract in accordance with the CSIT's Contract For Professional Services, Exhibit A, authorize the delivery of contract items by any available means, with the difference between the price paid and the defaulting Contractor's price either being deducted from any monies due the defaulting Contractor or being an obligation owed the CSIT by the defaulting Contractor, or take any other action or seek any other remedies available at law or in equity.

5.13.4 LIQUIDATED DAMAGES

Not Applicable.

5.14 ADDITIONAL WORK AND/OR SPECIAL PROJECTS

The Contractor shall not begin performing any additional work or special projects without first obtaining the Designated Contract Manager's recommendation and written approval from the IPM Procurement Department.

In the event of additional work and/or special projects, the Contractor must present a written Proposal to perform the additional work to the Designated Contract Manager. The Proposal should provide justification for the necessity of the additional work. The relationship between the additional work and the base contract work must be clearly established by the Contractor in its Proposal.

The Contractor's written Proposal must provide a detailed description of the work to be performed broken down by task and subtask. The Proposal should also contain details on the level of effort, including hours, labor categories, etc., necessary to complete the additional work.

The written Proposal must detail the cost necessary to complete the additional work in a manner consistent with the contract. The written price schedule must be based upon the hourly rates, unit costs or other cost elements submitted by the Contractor in the Contractor's original Proposal submitted in response to this RFP. Whenever possible, the price schedule should be a firm, fixed price to perform the required work. The firm fixed price should specifically reference and be tied directly to costs submitted by the Contractor in its original Proposal. A payment schedule, tied to successful completion of tasks and subtasks, must be included.

Upon receipt and approval of the Contractor's written Proposal, the Designated Contract Manager shall forward same to the IPM Procurement Department for written approval. Complete documentation, confirming the need for the additional work, must be submitted. Documentation forwarded by the Designated Contract Manager to the IPM Procurement Department must include all other required CSIT approvals.

No additional work and/or special project may commence without the IPM Procurement Department's written approval. In the event the Contractor proceeds with additional work and/or special projects without the CSIT's written approval, it shall be at the Contractor's sole risk. The CSIT shall be under no obligation to pay for work performed without the IPM Procurement Department's written approval.

5.15 INDEMNIFICATION

The indemnification provisions set forth in the CSIT's Contract for Professional Services, Exhibit A, shall prevail.

5.16 MAINTENANCE OF RECORDS

The Contractor shall maintain records for products and/or services delivered against the contract for a period of five (5) years from the date of final payment unless a longer period is required by law. Such records shall be made available to the State, including the Comptroller, for audit and review.

5.17 FORM OF COMPENSATION - INVOICING/PAYMENT

The Contractor will submit electronic invoices to the CSIT (unless a request is made by the Contractor to an alternate billing structure/timeframe at the Initial Meeting), per the Scope of

Work/Fee Schedule, once the authorized, completed work is approved by the CSIT's Designated Contract Manager.

Invoices submitted for payment will be paid by check and must include / consider all the following:

- A. Invoices should be submitted for services rendered no later than ninety (90) days from the date the service was provided / performed. The Contractor is strongly encouraged to inform its Subcontractor(s) of this policy, as they will be required to comply similarly;
- B. Payments will only be made to the Contractor. In the event "Specialized Services" are required and approved by the CSIT in advance; the Contractor shall be responsible for assuring the compliance of any Subcontractor(s) with all terms and conditions of this RFP and assumes the sole and absolute responsibility for any payments due to any Subcontractor(s) under the subcontract(s), should the CSIT approve in advance such services;
- C. An invoice number, the amount due, date/dates of service, the CSIT's purchase order number, if applicable, and a remittance address. The payment to the Contractor will usually be in check form.
- D. A description of the project task or subtask services for the invoice timeframe;
- E. If applicable, each itemized position / title assigned to perform the work for the project, including number of hours billed for each position; and
- F. If applicable, copies of timesheets for employees assigned to do the work referenced in the invoice.

The CSIT, in its sole discretion, reserves the right to require additional information, documentation and / or justification upon receipt of an invoice for payment and prior to approving such invoice for payment.

The CSIT considers the Contractor to be the sole point of contact regarding contractual matters and the Contractor will be required to assume sole responsibility for the complete "Scope of Services / Deliverables" and any additional services, as indicated in the RFP.

6.0 PROPOSAL EVALUATION

6.1 RIGHT TO WAIVE

The CSIT reserves the right to waive minor irregularities or omissions in a Proposal. The CSIT also reserves the right to waive a requirement provided that:

- A. the requirement is not mandated by law;
- B. all of the otherwise responsive Proposals failed to meet the requirement; and
- C. in the sole discretion of the CSIT, the failure to comply with the requirement does not materially affect the procurement or the CSIT's interests associated with the procurement.

6.2 RIGHT OF FINAL PROPOSAL ACCEPTANCE

The CSIT reserves the right to reject any or all Proposals, or to award in whole or in part if deemed to be in the best interest of the CSIT to do so. The CSIT shall have the power to award orders or contracts to the Proposer best meeting specifications and conditions.

6.3 RIGHT TO INSPECT PROPOSER'S FACILITIES

The CSIT reserves the right to inspect the Proposer establishment before making an award, for the purposes of ascertaining whether the Proposer has the necessary facilities for performing the contract.

The CSIT may also consult with clients of the Proposer during the evaluation of bids. Such consultation is intended to assist the CSIT in making a contract award which is most advantageous to the CSIT.

6.4 RIGHT TO REQUEST FURTHER INFORMATION

The CSIT reserves the right to request all information which may assist it in making a contract award, including factors necessary to evaluate the Proposer financial capabilities to perform the contract. Further, the CSIT reserves the right to request a Proposer to explain, in detail, how the Proposal price was determined.

6.5 PROPOSAL EVALUATION COMMITTEE

Proposals may be evaluated by a cross-functional Evaluation Committee composed of the CSIT's staff, management, and possibly other state agencies and/or industry Subject Matter Experts (SME's), but will not be voting members. Only CSIT staff will evaluate, score and rank Proposals received in response to this RFP, and the criteria established herein.

6.6 ORAL PRESENTATION AND/OR CLARIFICATION OF PROPOSAL

After the submission of Proposals, unless requested by the CSIT as noted below, vendor contact with the CSIT is still not permitted.

After the Proposals are reviewed, one, some or all of the Proposers may be asked to clarify certain aspects of their Proposals. A request for clarification may be made in order to resolve minor ambiguities, irregularities, informalities or clerical errors. Clarifications cannot correct any

deficiencies or material omissions or revise or modify a Proposal, except to the extent that correction of apparent clerical mistakes results in a modification.

The Proposer may be required to give an oral presentation to the CSIT concerning its Proposal.

Proposer may not attend the oral presentations of their competitors.

It is within the CSIT's discretion whether to require the Proposer(s) to give an oral presentation or require the Proposer(s) to submit written responses to questions regarding its Proposal. Action by the CSIT in this regard should not be construed to imply acceptance or rejection of a Proposal. The Internal Process Management Procurement department will be the sole point of contact regarding any request for an oral presentation or clarification.

6.7 EVALUATION CRITERIA

The following evaluation criteria categories, not necessarily listed in order of significance, will be used to evaluate Proposals received in response to this RFP. The evaluation criteria categories may be used to develop more detailed evaluation criteria to be used in the evaluation process.

6.7.1 QUALIFICATIONS/EXPERIENCE EVALUATION CRITERIA

- A. Personnel: The qualifications and experience of the Proposer's management, supervisory, and key personnel assigned to the contract, including the candidates recommended for each of the positions/roles required.
 - 1. If key personnel are identified and required in Section 3.0 of this RFP, the Proposer **must** submit a resume for each key position and the Proposer's resumes **must** include: Name of Proposed Person, Current Position/Description of Role, Previous Relevant Position(s)/Description(s) of Role(s), and three (3) business references associated with any of the named relevant positions. Business references **must** include a Contact Name, Job Title, Daytime Telephone Number and an E-mail Address. Failure to submit mandatory resumes and full references' details **will result in rejection** of the Proposer's Proposal for further consideration.

- B. Experience of entity: The Proposers documented experience in successfully completing contracts of a similar size and scope in relation to the work required by this RFP, based, in part, on the Proposer's submitted narratives and references.
 - 1. If references for contracts of similar size and scope are required in Section 3.0 of this RFP, the Proposer **must** submit business references for each relevant contract. Business references **must** include a Contract Name/Description of Contract, Contact Name, Job Title, Daytime Telephone Number and an E-mail Address. Failure to submit mandatory contract details and full references' details **will result in rejection** of the Proposer's Proposal for further consideration.

- C. Ability of the entity to complete the Scope of Work based on its Technical Proposal: The Proposers demonstration that the Proposer understands the requirements of the Scope of Work and presents an approach that would permit successful performance of the technical requirements of the contract. Proposer's turnaround timeframes are critical and will be closely evaluated for both content and completion timeframes.

6.7.2 PROPOSER'S FEE SCHEDULE

For evaluation purposes, Proposers will be ranked and weighted according to the lowest total price for all services and products, per the Fee Schedule accompanying this RFP. Moreover, for evaluation purposes, the Authority will consider the initial two (2) year term as to the evaluation of the proposals for ranking and weighting

Hourly rates, per the Fee Schedule, will be used for any additional work that might be required during the contract time frame, not specified in the original Scope of Work.

1. Proposers shall not alter this Fee Schedule and must provide pricing for all sections. Failure to submit pricing for all sections or altering the form will result in the Proposal being rejected as nonresponsive.
2. Proposers shall not indicate fees/charges other than those included on this Fee Schedule. If the Proposer intends to assess additional fees it should address this by submitting an inquiry during the Question and Answer period for this RFP.

6.7.3 PROPOSAL DISCREPANCIES

In evaluating Proposals, discrepancies between words and figures will be resolved in favor of words. Discrepancies between unit prices and totals of unit prices will be resolved in favor of unit prices. Discrepancies in the multiplication of units of work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated total of multiplied unit prices and units of work and the actual total will be resolved in favor of the actual total. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum of the column of figures.

6.7.4 EVALUATION OF THE PROPOSALS

After the Evaluation Committee completes its evaluation, it recommends to the CSIT an award to the responsible Proposer whose Proposal, conforming to this RFP, is most advantageous to the CSIT. The process considers and assesses price, technical criteria, and other factors during the evaluation process before a recommendation is made. The CSIT may accept, reject or modify the recommendation of the Evaluation Committee. Whether or not there has been a negotiation process as outlined in Section 6.8 below, the CSIT reserves the right to negotiate price reductions with the selected Proposer(s).

6.8 NEGOTIATION AND BEST AND FINAL OFFER (BAFO)

After evaluating Proposals, the CSIT may enter into negotiations with one Proposer or multiple Proposers. The primary purpose of negotiations is to maximize the CSIT's ability to obtain the best value based on the mandatory requirements, evaluation criteria, and cost. Multiple rounds of negotiations may be conducted with one Proposer or multiple Proposers. Negotiations will be structured by the Internal Process Management's Procurement department to safeguard information and ensure that all Proposers are treated fairly.

Similarly, the Internal Process Management's Procurement department may invite one Proposer or multiple Proposers to submit a best and final offer (BAFO). Said invitation will establish the time and place for submission of the BAFO. Any BAFO that is not equal to or lower in price than the pricing offered in the Proposer's original Proposal will be rejected as non-responsive and the CSIT will revert to consideration and evaluation of the Proposer's original pricing.

If required, after review of the BAFO(s), clarification may be sought from the Proposer. The Internal Process Management's Procurement department may conduct more than one round of negotiation and/or BAFO in order to attain the best value for the CSIT.

After evaluation of Proposals and as applicable, negotiation(s) and/or BAFO(s), the Internal Process Management's Procurement department will recommend the responsible Proposer whose Proposal(s), conforming to the RFP, is/are most advantageous to the CSIT, price and other factors considered. The CSIT may accept, reject or modify the recommendation of the Internal Process

Management's Procurement department. The Internal Process Management's Procurement department may initiate additional negotiation or BAFO procedures with the selected Proposer(s).

Negotiations will be conducted only in those circumstances where they are deemed to be in the CSIT's best interests and to maximize the CSIT's ability to get the best value. Therefore, the Proposer is advised to submit its best technical and price Proposal in response to this RFP since the CSIT may, after evaluation, make a contract award based on the content of the initial submission, without further negotiation and/or BAFO with any Proposer.

All contacts, records of initial evaluations, any correspondence with Proposer related to any request for clarification, negotiation or BAFO, any revised technical and/or price Proposals, the Evaluation Committee Report and the Award Recommendation, will remain confidential until approved and a Conditional Notice of Intent to Award a contract is issued.

NOTE: If the CSIT contemplates negotiation, Proposal prices will not be publicly read at the Proposal submission opening. Only the name and address of each Proposer will be publicly announced at the Proposal submission opening.

6.9 PROTEST OF RECOMMENDED AWARD

Any Proposer may protest a vendor selection (an award) by the CSIT. In order for a protest to be timely, it must be submitted to the Authority Senior Vice President – Business Support within ten (10) business days of receipt of the notification that the Proposer was not selected. In order to be considered complete, a protest must: (i) identify the Proposer that is submitting the protest, (ii) identify the contract award that is being protested, (iii) specify all grounds for the protest (including all arguments, materials and/or documents that support the protest); and, (iv) indicate whether an oral presentation is requested, and if so, the reason for the oral presentation. A Hearing Officer will be designated by the Authority's Senior Vice President – Business Support. The designated Hearing Officer will review all timely and complete Vendor protests and will have sole discretion to determine if an oral presentation by the protester is necessary to reach an informed decision on the matter(s) of the protest.

After completing his or her review of the protest, the Hearing Officer will prepare a preliminary report, which shall be advisory in nature and not binding, and send to the Protestor. Should the Protestor dispute the findings of the preliminary "*Hearing Officer Report*", it will be afforded an "*Exceptions Period*" equal to ten (10) business days from the Authority's issuance of the preliminary "*Hearing Officer Report*" to refute the findings of the Hearing Officer. At the expiration of the exceptions period, the Hearing Officer will review any "*Exceptions to the Hearing Officer's Report*" and finalize his or her report.

The Hearing Officer will make a recommendation in his or her final "*Hearing Officer Report*" which will be sent with any "*Exceptions to the Hearing Officer's Report*" to either the CSIT's Board as determined by the dollar amount of the potential award as it relates to the Authority's internal Operating Authority Approval Levels, for a final decision to award the contract. The CSIT's Board of Directors will review the final "*Hearing Officer Report*" and the protestor's "*Exceptions to the Hearing Officer's Report*" and shall render a final decision regarding the appropriateness of the award. The action of the CSIT's Board, to make a final decision for the award of the contract will be a final Authority action that is appealable to the Appellate Division of the Superior Court of New Jersey.

It is the CSIT's intent not to award the contract until it has completed all of the review procedures described above. If, however, in the CSIT's sole discretion, it is determined that such an award is necessary to support the uninterrupted and efficient business operations of the CSIT; the contract may be awarded.

7.0 CONTRACT AWARD

Contract award(s) shall be made in whole or in part, with reasonable promptness by written notice to the highest ranked responsible Proposer, whose proposal, conforming to this RFP, is most advantageous to the CSIT, price, and other factors considered, as determined by the CSIT, in its sole discretion. Any or all proposals may be rejected when the CSIT determines that it is in the public interest to do so.

It is the policy of the New Jersey Economic Development Authority and CSIT that to be considered for award, a Proposer must achieve or exceed an overall score of three (“3”) indicating a rating of “Good”, on a scale of 1-5 with 5 being the highest rating. The CSIT shall be under no obligation to make an award to an entity which does not achieve this minimum scoring threshold.

Award of a contract for the services outlined in this RFP will be subject to the selected entity entering into the “Contract for Professional Service”, attached to this RFP as Exhibit A. Proposers are encouraged to carefully review the specimen Contract and should indicate any exceptions taken to the form of Contract during the “Questions and Answers Period.”

The Proposer is cautioned that it shall not impose conditions under which it will conduct business with the CSIT by submitting its own separate and distinct company “Standard Terms and Conditions”, engagement letters, agreement(s) or forms in response to this section requirement. The Proposer shall not submit its “Standard Terms and Conditions” or submit material revisions and/or exceptions to the “Contract for Professional Services” with the proposal as it will result in the proposal being deemed non-responsive.

IMPORTANT: In the event the Proposer takes exception to one (1) or more points within the Contract; it shall submit its “exceptions” in the form of a question to be submitted for consideration during the “Questions and Answers Period” established for this solicitation. The CSIT shall not consider any questions, exceptions or requests for changes to be made to the specimen contract at any time during the RFP process, unless submitted during the “Questions and Answers Period”.

The CSIT shall be under no obligation to grant or accept any requested changes (i.e. exceptions taken) to the specimen form of the Contract (Exhibit A) during the “Questions and Answers Period.”

Any proposal submitted in response to this RFP will be considered a firm Offer by the responding vendor to perform the Scope of Services, as outlined in the RFP and specimen contract. By submitting an Offer in response to this RFP, the responding vendor agrees to hold its Offer open for at least one hundred twenty (120) days after the response due date. Any provision in a submitted Offer that attempts to limit or condition the time that an Offer is open for consideration by the CSIT will not be binding on the CSIT.

Accordingly, any proposals submitted will indicate an acceptance by proposers of the form of Specimen Contract.

Acceptance of a proposal and award of a contract is subject to the approval of the CSIT’s Board.

8.0 CONTRACT ADMINISTRATION

8.1 AUTHORITY'S DESIGNATED CONTRACT MANAGER

The CSIT's Designated Contract Manager is the employee responsible for the overall management and administration of the contract.

The CSIT's Designated Contract Manager for this project will be identified at the time of execution of contract. At that time, the Contractor will be provided with the CSIT's Designated Contract Manager's name, department, address, telephone number, fax phone number, and e-mail address.

8.1.1 AUTHORITY'S DESIGNATED CONTRACT MANAGER'S RESPONSIBILITIES

The CSIT's Designated Contract Manager will be responsible for organizing the Initial Meeting, if applicable, engaging the Contractor, assuring that a Purchase Order(s) are issued to the Contractor, directing the Contractor to perform the work of the contract, approving the deliverables and approving payment vouchers. The CSIT's Designated Contract Manager is the person that the Contractor will contact after the contract is executed for answers to any questions and concerns about any aspect of the contract. The CSIT's Designated Contract Manager is responsible for coordinating the use of the Contract and resolving minor disputes between the Contractor and any component part of the CSIT's Designated Contract Manager's Department.

If the contract has multiple users, then the CSIT's Designated Contract Manager shall be the central coordinator of the use of the contract for all departments, while other employees engage and pay the Contractor. All persons that use the contract must notify and coordinate the use of the contract with the CSIT's Designated Contract Manager.
